Minute No. 496
Report – Standing Policy Committee on Property and Development – October 4, 2011

Item No. 5 Rezoning – 530 Polson Avenue
(Mynarski Ward)
File DAZ 214/2011

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendations of the Standing Policy Committee on Property and Development and the Lord Selkirk-West Kildonan Community Committee and submits the following to Council:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 214/2011, dated August 31, 2011 to an "R2" Residential Two-Family District.

2. That in lieu of the requirement for land dedication, a sum of money, calculated as ten percent (10%) of the increase in market value of the land, be paid to the City for the purchase of land for purposes of the City other than streets.

3. That in the event the matter is not proceeded with expeditiously and the by-law is not passed within two years after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of the two-year period and Council approves the extension.

4. That the Director of Legal Services and City Solicitor be requested to prepare the necessary rezoning by-law and forward the same to Council for all three (3) readings.

5. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

COMMUNITY COMMITTEE RECOMMENDATION:

On September 13, 2011, the Lord Selkirk - West Kildonan Community Committee concurred in the recommendation of the Winnipeg Public Service and recommends to the Standing Policy Committee on Property and Development:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 214/2011, dated August 31, 2011 to an "R2" Residential Two-Family District.

2. That in lieu of the requirement for land dedication, a sum of money, calculated as ten percent (10%) of the increase in market value of the land, be paid to the City for the purchase of land for purposes of the City other than streets.

3. That in the event the matter is not proceeded with expeditiously and the by-law is not passed within two years after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of the two-year period and Council approves the extension.

4. That the Director of Legal Services and City Solicitor be requested to prepare the necessary rezoning by-law and forward the same to Council for all three (3) readings.

5. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

The Lord Selkirk - West Kildonan Community Committee provided the following supporting reasons for its recommendation:

1. Building density is important, and the application for a residential district to permit a multiple family dwelling at the subject location is the appropriate zoning for the neighbourhood where this is already a number of multiple family dwellings.

2. The subject proposal is a much better usage of space than what currently exists at the location.

RECOMMENDATIONS

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 214/2011, dated Aug. 31, 2011 to an "R2" Residential Two-Family District.

2. That in lieu of the requirement for land dedication, a sum of money, calculated as ten percent (10%) of the increase in market value of the land, be paid to the City for the purchase of land for purposes of the City other than streets.

3. That in the event the matter is not proceeded with expeditiously and the by-law is not passed within two years after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of the two-year period and Council approves the extension.

4. That the Director of Legal Services and City Solicitor Services be requested to prepare the necessary rezoning by-law and forward the same to Council for all three (3) readings.

5. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

REASON FOR THE REPORT

- The applicant seeks approval to rezone the subject property to accommodate a 4 unit multiple-family housing development. The site is currently zoned "C1" Commercial District and requires a rezoning to an "R2" Residential Multi-Family District.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Planning and Land Use Division are concurred in, permits may be issued to construct a 92 unit multiple family building.

RECOMMENDATION: Approval

REPORT SUMMARY
The Planning and Land Use Division recommends ***approval*** for the following reasons:

- The proposed zoning district is compatible with the established context which includes many properties that are the same district as that being proposed.
- The proposed development is compatible with existing neighbouring uses.
- The proposed development is consistent with OurWinnipeg Policies that encourage infill development and intensification of residential land uses along neighbourhood corridors.

SITE DESCRIPTION
The subject property is located on the southwest corner of Polson Avenue and McGregor Street, in the Inkster - Faraday neighbourhood of the Mynarski ward.

North: Residences zoned “R2” Single-Family Residential and “C1” Commercial District
South: A public lane, then residences zoned “R2” Single-Family Residential
East: McGregor Street, then residences zoned “”R2” Single-Family Residential and a used car sales lot zoned “C2” Commercial District
West: An apartment building with 17 suites zoned **“**R2” Residential District

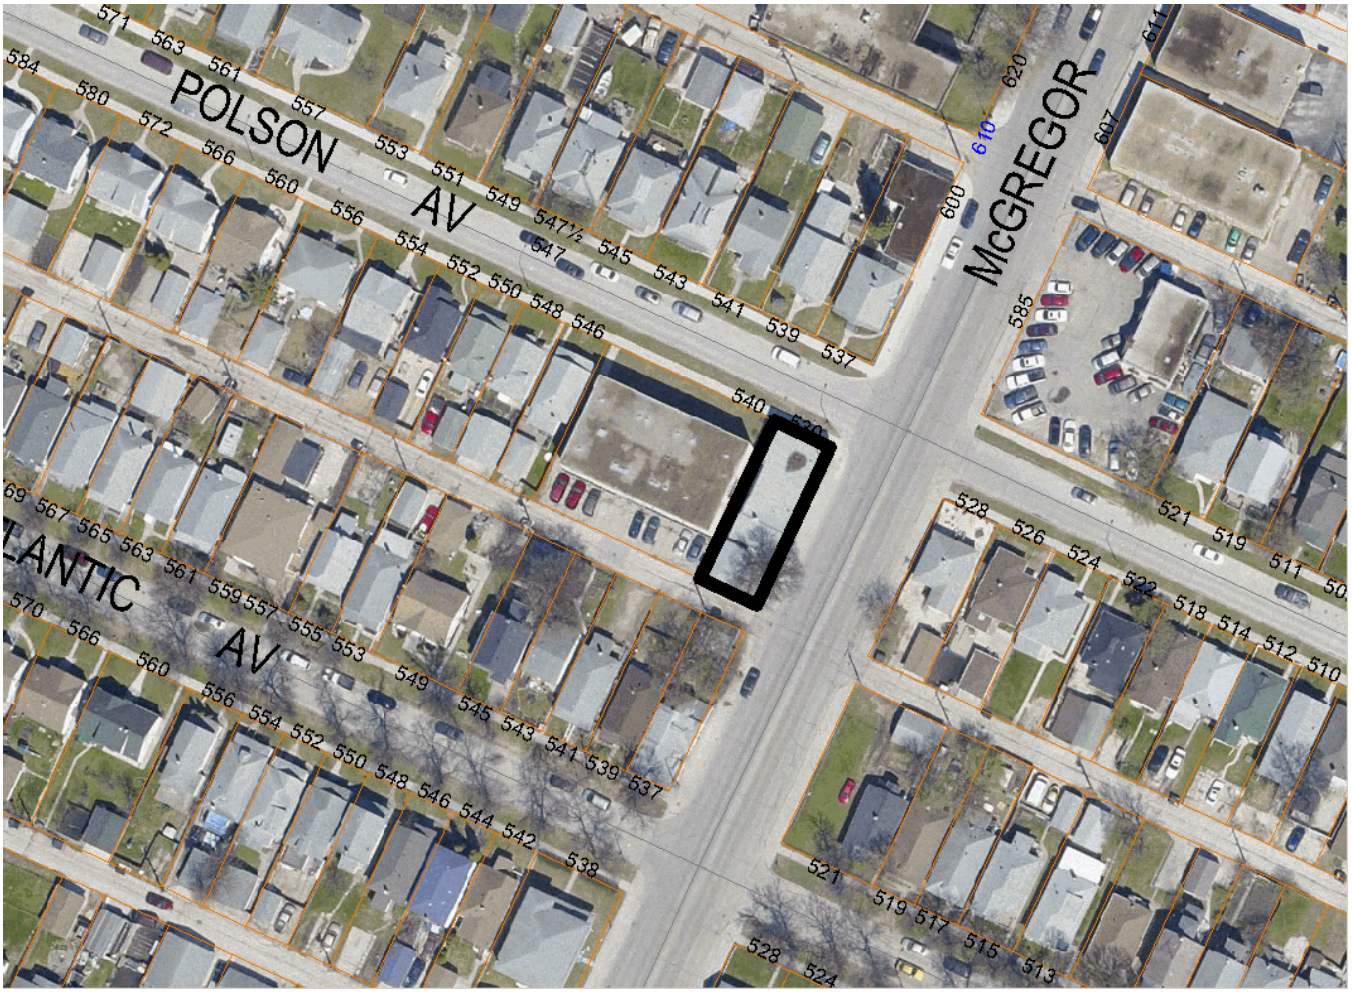

Figure 1: Subject Site and Surrounding Land Uses

DESCRIPTION OF THE PROPOSED DEVELOPMENT
The applicant wishes to replace the existing commercial building and construct a 4-unit multiple-family residence. The application at hand is to rezone the subject property to an “R2” Residential Two-Family District. Two other zoning applications run concurrent with subject application. One is to vary the proposed “R2” district (File # DAV 11-142176D) and the other is for a conditional use to allow multiple-family development within this proposed “R2” district (File # DCU 11-142175D).

ANALYSIS AND ISSUES

OurWinnipeg

OurWinnipeg supports infill development for the purpose of promoting compact urban form. The subject property is located within an area of Stability. Our Winnipeg, Complete Communities states that:

- *Areas of Stability will accommodate low to moderate density infill development to support more efficient use of land, infrastructure and services as well as enhance housing choice and affordability.*
- *Infill in areas of stability will be supported with the intent of creating more complete communities.*

Zoning By-Law 200/2006

The subject property is currently zoned as a commercial property, "C1", under zoning by-law 200/2006. An "R2" zoning district is being proposed as the property's current zoning does not allow for multiple-family development. It is noted there are other zoning districts that could also accommodate the proposed development, such as the "C2" Commercial District or the "RMF-S" Multi-Family District. However, the "R2" district appears to fit the site best given that abutting properties are zoned "R2" already and because a "C2" district may welcome uses more intense than the proposed development. Figure 2, below, illustrates the zoning designations of neighbouring properties which includes many already zoned "R2" residential Two-Family District.

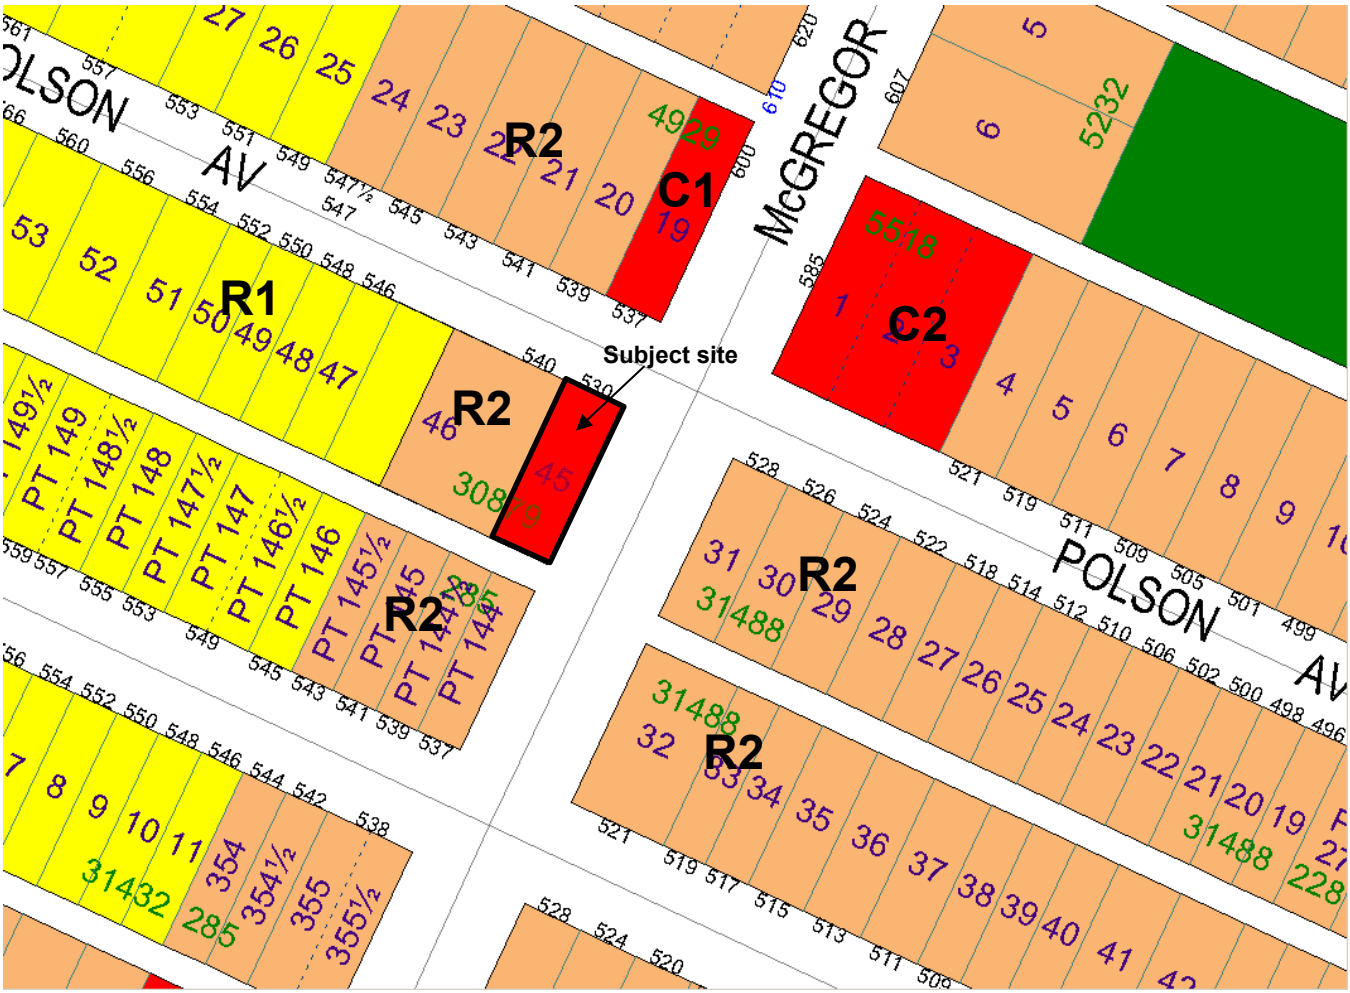

Figure 2: Zoning Map

It is noted that the variances being applied for are handled in the concurrent report under File # DAV 11- 142176D. It is important to point out here that the proposed zoning district is seen as ideal at this location for the following reasons:

- The City's development plan OurWinnipeg, Complete Communities suggests the proposed density is appropriate given the site's location on a neighbourhood Corridor (McGregor Street).
- The existing zoning ("C1") allows for an array of commercial uses that could bring a lot more traffic to the site than by the use proposed.
- Many abutting properties are already zoned "R2"
- The proposed development will provide more greenspace and setbacks than the existing building which covers most of the lot.
- The proposed development is situated beside an existing apartment block with 17 suites.
- The development offers a good transition of land use to McGregor as it is situated next to a 17 unit apartment building.
- The site's exposure on McGregor Street will provide more "eyes on the street" from residences which helps the casual monitoring of social space.
- The site is located on a Winnipeg Transit route and thereby promotes the use of existing services.

REASONS FOR RECOMMENDATIONS

In the context of Section 247(3), the Planning and Land Use Division recommends **approval** with conditions for the following reasons:

(a) is consistent with Plan Winnipeg and any applicable secondary plan;
(b) does not create a substantial adverse effect on the amenities, use, safety and convenience of the adjoining property and adjacent area, including an area separated from the property by a street or waterway;
(c) is the minimum modification of a zoning-by-law required to relieve the injurious effect of the zoning by-law on the applicant's property; and
(d) is compatible with the area in which the property to be affected is situated.

- The proposed zoning district is compatible with the established context which includes many properties that are the same district as that being proposed.
- The proposed development is compatible with existing neighbouring uses.
- The proposed development is consistent with OurWinnipeg Policies that encourage infill development and intensification of residential land uses along neighbourhood corridors.
