RECOMMENDATIONS

1. That the proposed street closing as shown on Misc. Plan No. 12704/6 be approved and that the land be declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street closing in accordance with Misc. Plan No. 12704/6, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Sandy Hopkins, CEO of Habitat for Humanity Winnipeg, to close and purchase the portion of Riverstone Road so identified on the attached copy of Misc. Plan No. 12704/6. The street, once closed, will be incorporated into DASZ 30/2011, an application to subdivide and rezone the adjoining property. Portions of the land within this subdivision will also be reserved for the widening of Fernbank Avenue and Main Street as well as the opening of a public lane and turnaround as shown on the sketch. The dedication of this property as public right of way will be accomplished via the DASZ application.

The subject closing forms part of the land assembly for the construction of Habitat's residential housing at this site. Property within the proposed subdivision is currently registered in the names of Novamet Development Corporation, Silpit Industries Limited and The City of Winnipeg. Habitat has agreements in place with all of these registered owners for the acquisition of the land required for the proposed development.

An application to close the subject portion of Riverstone Road was originally made by the Real Estate Division of the Planning, Property and Development Department in November of 2006, and processed via DAC 22/2006. The closing was to be incorporated into DASZ 43/2006, an application to subdivide and rezone the adjoining property made by Novamet Development Corporation in October of the same year. Both applications were subsequently withdrawn by Novamet in April of 2007.

In May of 2008, Novamet again made applications to close the subject portion of Riverstone Road, processed via DAC 11/2008, for incorporation into the subdivision of the adjoining property, processed via DASZ 23/2008. At its meeting held on July 15, 2008, the Lord Selkirk-West Kildonan Community Committee did not concur in the recommendations of the Winnipeg Public Service for the closing and subdivision of this land, and both applications were not proceeded with.

Riverstone Road was created by the subdivision of the adjoining property and registered in the Winnipeg Land Titles Office via Plan No. 17125 in February of 1983. The subject property does not form part of the travelled roadway and its closure will have no effect on existing transportation requirements.

CONSULTATION

In preparing this Report there was consultation with:

Internal Consultation:

There was consultation with the affected Civic departments.

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street closing.

Easements

There are no services within the closing area. No easements will be required.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
