SUBJECT: Application to rezone the subject property from a "C1" Commercial Neighbourhood District to a "C2" Commercial Community District to allow for the expansion of an indoor amusement enterprise (fitness centre)

LOCATION: 1580 Taylor AVENUE
LEGAL DESCRIPTION: Lot 2, Plan 37964

APPLICANT: Globe General Agencies (Richard Wishnowski)
494 St. James Street
WINNIPEG MB R3G 3J4

OWNER: Ethan Real Estate and Development Corporation

RECOMMENDATION: Approval, with conditions

SITE DESCRIPTION
The subject property is located on the south side of Taylor Av, between Renfrew and Lindsay Streets in the South River Heights neighbourhood of the River Heights-Fort Garry ward.

North: Taylor Avenue, then railroad tracks zoned "R1-M" Residential Single-Family District
South: Railroad tracks zoned "C1' Commercial District and "M2" Industrial District
East: Railroad tracks and a commercial use zoned "R1-M" Residential Single-Family District
West: Railroad tracks, then residences zoned "RMF-S" Residential Multi-Family District and "R2" Residential Two-Family District

DESCRIPTION OF THE PROPOSED DEVELOPMENT
The applicant seeks approval to rezone the property from a "C1" Commercial District to a "C2" Commercial District, to accommodate the expansion of an indoor amusement enterprise (fitness centre). The applicant would also like "C2" Commercial District zoning to enjoy a broader range of available uses under Zoning By-law 200/2006.

ANALYSIS AND ISSUES

"C2" zoning

The subject property was rezoned to a "C1" Commercial District less than two years ago (City Council approval January 27, 2010). At the time, the proposal put forward by the applicant was for offices and medical/dental clinic.

Since that time, the site has been developed and has evolved into a retail commercial centre.

While the site has moved in a different direction than what was originally proposed, there are no issues or concerns with the way it has evolved.

With that said, the range of uses and intensity allowed under a "C2" Commercial District is beyond the scope of what was originally proposed and is not compatible with the area.

To that point, the definition of "C2" Commercial Corridor District in Zoning By-law 200/2006 is as follows:

The "C2" District is intended to accommodate **more intensive commercial sites that do not have a local or neighbourhood orientation.** *The district is intended to include attractive commercial, institutional, recreational, and service facilities needed to support surrounding neighbourhoods and the broader community. "C2" districts are generally located along collector streets, at arterial/collector intersections, or along portions of arterial streets with relatively shallow lots.*

Indoor amusement enterprise use

While allowing general "C2" zoning on the site is not recommended, the Winnipeg Public Service does support the expansion of the existing fitness centre, which requires a rezoning to "C2".

Recommendation

Consequently, the Winnipeg Public Service is recommending approval of the rezoning with a zoning agreement which limits the range of uses and signage to what is permitted or conditional in the "C1" Commercial District, with the exception of indoor amusement enterprise (fitness centre) and accessory drinking establishment. It also provides limits on square footage for several uses.

RECOMMENDATIONS

The Planning and Land Use Division recommends approval for the following reasons:

- A zoning agreement will limit the range of uses and signage to what is permitted or conditional in the "C1" Commercial District
- The "C1" Commercial District is generally more in sync with the surrounding neighbourhood
- The rezoning will accommodate the expansion of the existing fitness centre on the site
