RECOMMENDATIONS

1. That the proposed lane closing as shown on Misc. Plan No. 12244/1 be approved and that the land be declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the lane closing in accordance with Misc. Plan No. 12244/1, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the lane closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Ravi Joshi of Qualico Communities to close and purchase the portion of the public lane so identified on the attached copy of Misc. Plan No. 12244/1. The lane, once closed, is to be incorporated into DASZ 33/2011, an application to subdivide and rezone the adjoining property to accommodate the creation of sites for multiple family housing and development.

The subject lane was opened by Plan No. 46281 and registered in the Winnipeg Land Titles Office in May of 2007. The lane was opened as part of the neighbourhood enhancements and landscaping treatments in the McGowan Russell Conceptual Master Plan for the Pointe Hebert redevelopment to accommodate a proposed subdivision approved by Council in December of 2004 under DAS 19/2004. The subdivision proposed under DAS 19/2004 has since been abandoned and the lane is no longer required.

The subject lane is not physically in use. It exists in a legal context only, serving no apparent public transportation purpose.

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the lane closing.

Easements

There are no services within the closing area. No easements will be required.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
