RECOMMENDATION(S)

1. Given the Community Centre Investment Fund (CCIF) had been previously approved by Council as an interim financing mechanism for specified Community Centre projects, and that as a result of such the CCIF now requires necessary reimbursement in the amount of $522,453 in order to fund other Council approved allocations to Community Centre projects, that Council approve the following:

    a. A transfer of $82,453 to the CCIF from the Planning, Property and Development Department's Non-Specified Capital Account in order to complete the repayment of interim financing of $500,000 for completion of the Bronx Park Community Centre Capital Project.
    b. A transfer of $140,000 from the Land Operating Reserve Fund to the Community Centre Investment Fund, prior to disposition of the Glenlee site, as repayment of interim financing for the completion of the Norberry-Glenlee Community Centre Capital Project
    c. A transfer of $300,000 from the Land Operating Reserve Fund to the Community Centre Investment Fund, prior to disposition of the Silver Heights site, as repayment of interim financing for the completion of the Sturgeon Creek- Silver Heights Community Centre Amalgamation Capital Project.

REASON FOR THE REPORT

Public Service response to the report **GCWCC - Replenishment of the Community Centre Investment Fund**, submitted by the General Council of Winnipeg Community Centres, is required.

Council approval is required to transfer funds from the Land Operating Reserve in order to provide the necessary repayment of $522,453 to the Community Centre Investment Fund.

IMPLICATIONS OF THE RECOMMENDATIONS

- Replenishment of the $522,453 to the CCIF will allow the completion of other Council approved community centre redevelopment capital projects.
- Net proceeds of $417,547 from the sale of 755 Henderson Highway are in the process of being reimbursed from the LOR. When considering the totality the Report **Recommendations** of the Public Service and the aforementioned, the reimbursement to the CCIF of Council approved interim financing from the CCIF of $940,000 will be complete which allows the CCIF to meet its financial obligations.
- The strategy for funding re-imbursement to the CCIF will not create any negative financial implications for the identified funding sources.
- The recommendations by the Public Service are in response to the GCWCC report entitled **Replenishment of the Community Centre Investment Fund** that was heard at EPC on October 26th, 2011. The recommendations concur with GCWCC's request (recommendations 1, 2, 3) to reimburse all Council approved interim financing to the CCIF so that current project obligations may be met.
- The Public Service has not responded to the last recommendation (4) of GCWCC as any discussion to begin tripartite negotiations as to future funding to the CCIF will require political will from all levels of government.

HISTORY

As part of the Recreation, Leisure and Library Facilities Program adopted by Council in 2005 an allocation of $10,000,000 was made to the Community Centre Investment Fund for the development and rehabilitation of Winnipeg's Community Centres.

Over the past six years, as a direct result of funding from the CCIF, new facility development has occurred at the following sites:

- Bronx Park CC
- Winakwa CC
- Norberry-Glenlee CC
- Sturgeon Creek-Silver Heights CC
- Valour CC
- Sinclair Park CC
- Lindenwoods CC

In some instances, Council approved interim financing from the CCIF, based upon repayment from land sales of Community Centre and other City-owned property, in order to facilitate timely project completion.

Bronx Park Community Centre

On April 2, 2007, General Council of Winnipeg Community Centres (GCWCC) motioned to approve interim financing of the additional capital project requirements to a maximum of $650,000 from the existing Community Centre Investment Fund with the understanding that the CCIF would be reimbursed from Community Incentive Grant Program and property disposition of 755 Henderson Hwy and 280 Henderson Hwy. Council concurred with the recommendation. To date CGIP commitments of $150,000 have been realized and net proceeds of $417,547 from the sale of 755 Henderson Highway have been realized leaving an outstanding balance of $82,453 as related to property disposition outstanding.

Norberry-Glenlee Community Centre

On October 12, 2007, General Council requested that $250,000 from the Community Centre Investment Fund be allocated to the Norberry-Glenlee Community Centre Expansion Project. In addition, a $140,000 loan from the Community Center Investment Fund was advanced to the Norberry-Glenlee Community Centre Expansion Project, which was to be repaid from the sale of the Glenlee CC site. Council concurred with the recommendation.

Sturgeon Creek- Silver Heights Community Centre Amalgamation

On May 19, 2010 Council approved interim financing of $300,000 from the CCIF be to the Sturgeon Creek – Silver Heights Community Centre Amalgamation Project. The interim financing was to be replenished by way of land sales attributed to sale of the Silver Heights CC site.

Inasmuch as not all land sales have been completed to date and these projects are substantially completed, it is recommended that:

- the Land Operating Reserve Fund be utilized to repay the CCIF for anticipated sale of the Silver Heights Community Centre property (up to a maximum of $300,000) and;
- that the Land Operating Reserve Fund be utilized to repay the CCIF for anticipated sale of the Glenlee Community Centre property (up to a maximum of $140,000).

Once property disposition has occurred, all net proceeds from the sale of the Glenlee and Silver Heights C.C. sites would remain in the Land Operating Reserve Fund.

On October 12, 2007 General Council requested that $250,000 from the Community Centre Investment Fund be allocated to the Norberry-Glenlee Community Centre Expansion Project.
