REASON FOR THE REPORT:

The street widening requires a by-law pursuant to Section 139 of the City of Winnipeg Charter.

HISTORY:

The Public Works Department identified the requirement for a sidewalk in this area in 1990 and instructed the Real Estate Division of the Planning, Property and Development Department to initiate negotiations for the purchase of the property. In 2002, the owners of the land agreed to its sale.

The widening has previously been approved by Council under the 2000 Capital Project. It has also been approved by the Standing Policy Committee on Public Works under the 2002 Pedestrian and Cycle Facilities Program.

DISCUSSION:

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend current procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Commttee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed opening and acquisition must have been approved by the Director of Public Works.
2. The proposed opening must have been submitted to all affected City Departments and public utilities with no objections having been received.
3. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed to.
4. The affected property owner(s) must have agreed to the terms and conditions of the acquisition of the land required for the proposed opening.

5. The terms and conditions of any agreements concerning the proposed opening and acquisition must have been approved by the Director of the department that requested the opening and either the Standing Committee on Fiscal Issues, the Standing Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.

Financial Impact Statement Date: 22-Apr-03

COMMENTS:

Funding for the costs of acquiring the land and registering the documents required to effect the street widening by-law in the Winnipeg Land Titles Office has been provided by the Public Works Department. These costs are considered to be immaterial.
