From the Director of Legal Services and City Solicitor,

Submitting communication dated December 21, 2011 from the Geomatics Branch, Planning, Property and Development Department, regarding the street name change of Public Road, Plan 2613 WLTO to Station Road.

Advising that the above noted right of way was opened by Plan No. 2613 in 1920 and provided access to the former station grounds of St. Norbert. Mapping programs such as the City's IVIEW and Google Maps refer to this right of way as "Station Road". The site has been inspected and it has been confirmed that there are no residences or businesses fronting it. Adjoining properties have been designated with addresses on Pembina Highway.

Further advising that as part of a new subdivision in the immediate area, the subject right of way is to be extended westerly within Lot 1, Plan 35437. In advance of this application and in order to alleviate any confusion, it will be necessary, for administrative purposes, to change the street name to its common designation. The Land Development Administrator has no concerns with the street name change.
