SUBJECT: Application to create one lot from two existing lots and to rezone from "R2" Residential Two-Family District to a "C2" Commercial District to allow for the maintenance of a non-accessory surface parking lot as a conditional use.

LOCATION: East Side of Burnell Street, north of St. Paul Avenue
LEGAL DESCRIPTION: Lots 5 and 6, Block 2, Plan 775

APPLICANT: Randy Koroscil and Graham Campbell

WINNIPEG MB R3M 3K8

OWNER: RCV Developments Ltd.

RECOMMENDATION: Approval, with conditions

SITE DESCRIPTION

The subject property, which is located on Burnell Street, between St. Paul and St. Matthews Avenues, in the St. Matthews neighbourhood of the Daniel McIntyre ward.

North: Residential uses zoned "R2" Residential Two-Family District
South: Residential uses zoned "R2" Residential Two-Family District
East: Residential uses zoned "R2" Residential Two-Family District
West: School zoned "R2" Residential Two-Family District

DESCRIPTION OF THE PROPOSED DEVELOPMENT
The subject property has been used as an accessory parking lot for the adjacent apartment buildings for decades. Recently, the apartments were converted to condominiums and the parking area and condominiums were put on separate titles. Consequently, now that the parking area is on a separate title, it is classified as a non-accessory parking area, which requires a rezoning to "C2" Commercial District.

Reason for application
Non-accessory parking areas are permitted in the "C2" Commercial District as a conditional use

ANALYSIS AND ISSUES
Compatibility with existing neighbourhood and surrounding uses
As previously mentioned, the subject property has been used as a parking area for some time. The proposed rezoning would legitimize the use and more importantly, ensure that current development standards for fencing, buffering, landscaping, and paving are provided.

Consequently, the proposed rezoning will result in a general improvement in the appearance of the property.

For these reasons, it is recommended that the application be approved.

Conditions of approval
The "C2" District is intended to accommodate **more intensive commercial sites that do not have a local or neighbourhood orientation.** *The district is intended to include attractive commercial, institutional, recreational, and service facilities needed to support surrounding neighbourhoods and the broader community. "C2" districts are generally located along collector streets, at arterial/collector intersections, or along portions of arterial streets with relatively shallow lots.*

With that said, the range of uses and intensity allowed under a "C2" Commercial District is not compatible with the area.

Consequently, the Winnipeg Public Service is recommending approval of the rezoning with a zoning agreement which limits the range of uses and signage to what is permitted or conditional in the "R2" Two-Family Residential District, with the exception of parking lots.

RECOMMENDATIONS
The Planning and Land Use Division recommend approval for the following reasons:

- This rezoning formalizes the existing condition
- The rezoning will ensure that current development standards for fencing, buffering, landscaping, and paving are provided
- The rezoning will result in a general improvement in the appearance of the property
