RECOMMENDATIONS

1. That Council enact the proposed amendments (attached as Appendix A) to By-law No. 7869/2001 ("A By-law of The City of Winnipeg to establish a pension benefits program for members of Council of The City of Winnipeg"); and

2. That the Proper Officers of the City do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

By-law 7869/2001 (the "By-law") was adopted by Council in 2001 and has not been updated since then. Only Council can enact amendments to by-laws.

IMPLICATIONS OF THE RECOMMENDATIONS

The amendments proposed make the By-law consistent with other governing legislation and improve clarity, process and reasonability in administering the By-law.

HISTORY

At its meeting of July 18th, 2001, Council enacted By-law 7869/2001, which established a pension benefits program for members of Council of The City of Winnipeg (the "Plan") effective January 1, 2001. Since that time, the By-law has not been updated.

On November 22, 2011, the Council Pension Benefits Board (the "Board"), created and established under By-law 7869/2001, considered amendments to be made to this by-law and received an oral report from the plan's actuary, Mercer Canada Limited. The Board approved the amendments. What follows are explanations of the more significant amendments along with any implications.

Plan Comparability

Subsection 6(2) of the by-law provides that *any change to the benefits in the Civic Employees' Pension Plan or the Civic Employees' Early Retirement Benefits Arrangement shall require an identical amendment to the Council Pension Benefit Program under this By-law, subject to the approval of Council.* At the same time, Sections 16 and 17 provide by-law amending powers with Council Pension Benefits Board endorsement and specified Council approval. Sections 16 and 17 do not restrict Council to amending the Plan to be completely parallel to changes in the Civic Employees' Pension Plan or the Civic Employees' Early Retirement Benefits Arrangement. In fact, Section 16 provides that *Council may by By-law from time to time amend, modify, vary or terminate the terms, conditions or provisions of this By-law or the Council Pension Benefits Program (and any trust arising under this By-law or under the Pension Plan) in such manner and on such terms as Council may deem appropriate.*

Of note, when the Civic plans were altered from single-employer to a jointly-trusteed arrangement, no such parallel amendment was made to the Plan. As such, it may be reasonable to conclude Sections 16 and 17 override Subsection 6(2), rendering Subsection 6(2) redundant. Subsection 6(2) is included under the section heading *Solvency of the Council Pension Benefits Program.* While it is purely speculative, perhaps this clause was intended to pertain solely to solvency-related issues.

Process to Amend Plan

Sections 16 and 17 describe the process by which any amendments to the Plan can be made. Specifically, Section 17 requires submission of proposed amendments to the Board who in turn must report any proposed changes to Council within two months of their receipt. Then after one month from the date of report submission, it may be placed before Council. Finally, Council must not vote on the proposed amendment for at least one further month.

While this provides ample time for due consideration of any amendments, it is lengthy compared to the due process accorded most other reporting to and voting by Council. The proposed amendment, which considers and models similar process requirements detailed for The Winnipeg Civic Employees' Pension Plan and The Winnipeg Police Pension Plan, will streamline this process. In the future, the Board, in consultation with the plan actuary, will determine those amendments that are material therefore requiring an actuarial report be placed before Council.

Deemed Retirement Age

Subsection 5(3) of Part A of the By-law provides that *each member who is not retired on December 1 of the Taxation Year in which he or she attains age 69 shall be deemed to have retired on that day…* As a result of changes to the Income Tax Act and human rights legislation, the deemed age of retirement has changed to age 71.

Small Pensions

Subsection 6(11) of Part A of the By-law has been amended to more fully define when a lump sum payment is made for what is considered a small pension. Although this plan is governed by the Income Tax Act which doesn't have similar provisions, this change makes the benefit consistent with recent changes under the Manitoba Pension Benefits Act.

Minimum Death Benefit

Subsection 10(1) of Part A of the By-law defines the benefits a member's beneficiary is entitled to in the event of death prior to retirement where the employee has less than two years of eligible service. In such a case, the beneficiary is entitled to a lump sum refund of the member's contributions plus interest. Specifically, the beneficiary would not benefit from contributions made by the City for that member.

The proposed change is to include employer contributions in the death benefit calculation. Although this plan is governed by the Income Tax Act which doesn't have similar provisions, this change makes the benefit consistent with recent changes under the Manitoba Pension Benefits Act. Given the small number of actively contributing members, it is not anticipated that this will be an inordinate cost to the Plan.

Death Benefit – Portability

Subsections 10(9) and 11(3) of Part A of the By-law provide the option for a beneficiary to elect to transfer the commuted value of the pension to a Registered Retirement Savings Plan or receive it as a lump sum payment in lieu of the benefits otherwise payable under Section 10. To do so, the beneficiary must make this election within 30 days of receiving notification from the Board of the benefits payable. It is felt that this time period is too short and the amendment would extend this election period to 90 days.

Termination Benefit

Section 11 of Part A of the by-law defines the benefit afforded a member who terminates with the City. Similar to the Death Benefit discussed above, the member will also be entitled to City contributions in the event the service is for less than two years. As such, there is no need to differentiate the termination that takes place with less than two years' eligibility service from those with more than two years' service as they are now treated the same.

Section 17(4) of the by-law requires that prior to any amendment to the Plan, Council shall receive a report thereon from a qualified actuary. Included in Appendix B is a letter from Mercer Canada Limited concerning the implications of these amendments.

FINANCIAL IMPACT

Financial Impact Statement **Date:** December 28, 2011

Project Name:

Amendments to By-law 7869/2011- A By-law to establish a pension benefits program for members of Council

COMMENTS:

The amendments proposed are of a housekeeping nature to make the by-law consistent with other legislation and improve clarity, process and reasonability in administering the by-law.

The financial impact is anticipated to be minimal.
