REASON FOR THE REPORT

Council approval is required for a first charge expenditure of capital funds prior to the adoption of the 2013 Capital Budget. The construction contract will commit 2013 Capital Budget funds in 2012.

As the contract amount exceeds $10,000,000.00 and there are insufficient funds in the approved capital budget, Council may allocate 2013 capital funds and award the contract pursuant to the Materials Management Policy.

HISTORY

The 2012 Capital Budget adopted by Council on December 13, 2011 included $11,477,000.00 for the Sturgeon Road Bridge. The 2010 and 2011 Capital Budgets included $1,000,000.00 and $533,000.00 respectively for a total project budget of $13,010,000.00.

Based on the lowest Bid Opportunity submission by PCL Constructors Canada Inc., the total cost related to the above contract award is estimated to $15,210,000.00.

A budget shortfall of $2,200,000.00 is proposed to be made up by authorizing a first charge of the 2013 Capital Budget reallocating forecasted amounts for the Public Works Waterway Crossing and Grade Separations Annual Program. As construction will continue over a two year period, the first charge amounts will not be required until 2013.

Final receipt of bids was 12:00 p.m. on February 8, 2012. Four (4) bids were received.
