## STANDING POLICY COMMITTEE ON

## INFRASTRUCTURE RENEWAL AND PUBLIC WORKS

## QUESTION PERIOD

**Minute No. 372**
Councillor Havixbeck referred to a request from the President of St. Paul's High School for two areas for signage along Grant Avenue to improve traffic flow and questioned why the Standing Policy Committee on Infrastructure Renewal and Public Works denied the referral of the item to the Administration for review.

Councillor Vandal stated that he did not recall the request and noted that dozens and dozens of requests for traffic signalization were requested and were usually referred to the Administration for analysis. Councillor Vandal stated that it was unusual that it wouldn't be referred to the Administration and that he would follow up with the Director of Public Works and get back to the Councillor.
