STANDING POLICY COMMITTEE ON FINANCE

QUESTION PERIOD

Minute No. 453
In noting that Council was looking at a new budget process or a re-vamping of the Operating Budget process, Councillor Mayes asked if a Council seminar or other forum could be arranged to consider a thorough discussion of the pension obligations.

Councillor Fielding acknowledged that he was very much open to the proposed idea, suggested that the budget process in September might be a good time to address the issue and agreed to follow up.
