Recommendations:

That the Offer from AT&T Canada be determined to be non-responsive.

That the Offer from Norstan Canada Ltd be determined to be non-responsive.

That the contract for voice mail system for the period be awarded to the offerer whose proposal has been determined to be the most advantageous to the City based upon the criteria for evaluation set out in the Request for Proposals as follows:

MTS Communications Inc. (Nineteen month contract)

Contract duration – May 1, 2002 to November 30, 2003

- Voice Mail System
  Total Conditional Contract Amount Before Taxes $317,414.00

Report Summary

Key Issue(s):

- That contracts for a voice mail system for the period be awarded to the offerer whose proposal has been determined to be the most advantageous to the City based upon the criteria for evaluation set out in the Request for Proposals.

- That the proper officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

Attachment to Item 02 - "Award of Contract for the Provision of Voice Mail System - RFP No. 912-2001

Implications of the Recommendation(s):

General Implications

	None
X	For the organization overall and/or for other departments
	For the community and/or organizations external to the City of Winnipeg
X	Involves a multi-year contract

Comment: The City of Winnipeg's requirement for voice mail extends to all departments. This need is expected to increase in the next two years. The proposed 19 month contract provides the City with continued service at the best rate possible and aligns the contract date with the current five year general telephone contract expiry date.

Policy implications

X	No
	Yes

Financial implications

X	Within approved current and/or capital budget
	Current and/or capital budget adjustment required

Report

Reason for the Report:

As the total conditional amount, including PST and GST net of rebates, to be paid by the City pursuant to the contract for an interdepartmental purchase committing payments by the City from future operating budgets over multiple years, the award of contract must be approved by Council.

History:

Existing contracts for these services were with AT&T Canada and will expire on February 28, 2002. Corporate Information Technology and Materials Management issued a Request for Proposals for these services in November of 2001, closing in December of 2001.

Final Receipt of offers took place on December 14, 2001 with proposals being received from four offerers.

Discussion:

VOICE MAIL SYSTEM

Five Proposals were received from four companies:

AT&T Canada
MTS Communications Inc. (two proposals)
Accord Communications
Norstan Canada Ltd.

Proposals were from eighteen months to five years proposed duration. Proposals were received for the provision of a voice mail system. The Offer received from AT&T Canada should be determined to be non-responsive because AT&T did not conform with a mandatory requirement listed in Clause 16.1 (a) (iii). They did not sign the Offer, agreeing to be bound by the City's terms and conditions. The Offer received from Norstan Canada Ltd. should be determined to be non-responsive because Norstan included a statement limiting liability. These matters are significant and should not be waived.

All three proposals that were deemed responsive were thoroughly analyzed (Appendix B – Evaluation of Offers). A comparison of existing and recommended spending is attached (Appendix A). The recommended offerer (MTS Communications Inc.) and terms (19 month contract to terminate at the same time as the current five year Centrex contract) are the lowest cost and highest value solution. The lowest cost MTS solution (Trilogue) is a new and less proven offering than their Octel solution. In negotiations with MTS, allowances for potential problems with the Trilogue system were discussed and an agreement reached whereby the City would receive the older Octel solution at the same or less cost than the Trilogue solution if the Trilogue solution was found not satisfactory. The City will realize an overall increase in the cost of Voice Mail Services of approximately $360.00 per month over current rates.

The Offers remain open to the end of April allowing Council to consider the award before the bids expire. AT&T Canada, the current voice mail provider, will extend the contract at the same price until such time as a cut-over to the new system is complete.

Attachment to Item 02 - "Award of Contract for the Provision of Voice Mail System - RFP No. 912-2001

The requirements for Bid and Performance Securities were waived for this purchase in accordance with the authority delegated to the Director of Purchasing by the Board of Commissioners on April 9, 1992 and February 9, 1995.

MTS Communications Inc. has demonstrated that they have the necessary qualifications and resources to perform the work of this contract.

Although the proposed voice mail system operates very much like the existing system, the conversion to the recommended system will involve minor operational changes for all users of voice mail.
