Agenda – Council – September 27, 2012

Report – Executive Policy Committee – September 12, 2012

Item No. 2 West Nile Virus Service Purchase Arrangement with Government of Manitoba

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 12, 2012, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service and submits the following to Council:

1. That the agreement with the Province of Manitoba for the provision of services relating to West Nile Virus (draft as Attachment "A") for the 2012 mosquito season be approved.

2. That the Chief Administrative Officer be authorized to approve substantially similar agreements with the Province and other public sector bodies in future years.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Executive Policy Committee – September 12, 2012

DECISION MAKING HISTORY:

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

On September 12, 2012, the Executive Policy Committee concurred in the recommendation of the Winnipeg Public Service and submitted the matter to Council.

ADMINISTRATIVE REPORT

Title: FORMALIZING WEST NILE VIRUS SERVICE PURCHASE ARRANGEMENT WITH GOVERNMENT OF MANITOBA

Critical Path: EXECUTIVE POLICY COMMITTEE – COUNCIL

AUTHORIZATION

Author	Department Head	CFO	CAO
J. Lubinski A/Manager	L. Deane A/Director	M Ruta	D Joshi COO

RECOMMENDATIONS

1. That the agreement with the Province of Manitoba for the provision of services relating to West Nile Virus (draft attached as Attachment "A") for the 2012 mosquito season be approved.
2. That the Chief Administrative Officer be authorized to approve substantially similar agreements with the Province and other public sector bodies in future years.
3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council is able to approve a formal agreement for the provision of services with the Province of Manitoba and the delegation of authority to the CAO to approve substantially similar agreements in future years.

IMPLICATIONS OF THE RECOMMENDATIONS

The attached draft Service Purchase Agreement with the Province of Manitoba sets out terms under which the City will provide a variety of services relating to West Nile Virus, namely:

- Mapping and larval sampling and identification
- Adult mosquito surveillance
- Targeted larviciding in the Capital Region
- Targeted adulticiding in the Capital Region, excluding the City of Winnipeg, and in other municipalities and towns and villages in southern Manitoba.

In one form or another, the services referred to in this Agreement have been provided by the City since 2002.

The services have always been supplied on a cost-recovery basis with maximum amounts set out in the annual Agreements. In 2012, the maximum amounts are;

- Mapping and larval sampling and identification ($10,000)
- Adult mosquito surveillance ($80,000)
- Targeted larviciding in the Capital Region ($183,988)
- Targeted adulticiding in the Capital Region, excluding the City of Winnipeg, and in other municipalities and towns and villages in southern Manitoba ($60,000).

The services the City undertakes to provide in this Agreement are subordinate to the City's duty, judged solely by the City, to meet its obligations and priorities as a municipal corporation. Accordingly, the City has the right, upon 24 hours' notice, to refuse to provide any or all of the services or to suspend the provision of services for up to 48 hours. In addition, the City can terminate all provision of services upon 48 hours' notice.

In the attached Agreement, the City undertakes to supply competent, trained and equipped personnel to provide the enumerated services and to supply the equipment, vehicles and chemical agents necessary. The Province undertakes to ensure that entries onto private properties required as part of the service provision are properly authorized. The Province also indemnifies the City for any actions taken pursuant to the Agreement.

In addition to approving the attached Agreement, Council is being asked to authorize the CAO to approve substantively similar agreements in future years without the need to obtain Council approval. The Mayor and City Clerk would still have to execute the agreements, subject to any future delegations of signing authority.

HISTORY

As noted above, the City has been providing these services to the Province in one form or another since 2002. Initially, services were provided as an administrative response by the City to an urgent request from the Province for assistance in dealing with a possible West Nile Virus outbreak.

However, as the services have continued to be provided by the City in subsequent years, more formal agreements between the City and the Province have been developed. These have been approved by the CAO on the basis of the authority given to him under the City Organization By-law to supervise the operations of departments.

Given that these agreements have evolved from a short-term, ad hoc response to an emergency situation into an on-going annual arrangement with the Province that is likely to continue into the future, it would be appropriate for Council to consider and formally approve the 2012 Agreement and provide for the CAO to approve substantially similar agreements with the Province and other public sector bodies for the provision of West Nile Virus related services in future years.
