Item No. 6 Rezoning – Bounded by Scammel Road/Tilstone Bay/north of Frobisher Road (Perimeter Highway) (St. Norbert Ward) File DAZ 228/2012

STANDING COMMITTEE RECOMMENDATION:

On October 9, 2012, the Standing Policy Committee on Property and Development concurred in the recommendation of the Riel Community Committee and submits the following to Council:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 228/2012 dated September 20, 2012 to an "R1-M" Residential Single-Family District.

2. That the land dedication for the planned area shall be calculated as an amendment to Development Agreement AG9/2011.

3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

4. That the Director of Legal Services and City Solicitor be requested to prepare the necessary rezoning by-law and forward the same to Council for all three (3) readings.

5. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

RECOMMENDATIONS

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 228/2012 dated September 20, 2012 to an "R1-M" Residential Single-Family District.
2. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.
3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.
4. That the Director of Legal Services and City Solicitor be requested to prepare the necessary rezoning by-law and forward the same to Council for all three (3) readings.
5. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

REASON FOR THE REPORT

- The applicant is proposing to rezone the rear portions of Lots 33 & 34 Block 5 Deposit No. 952-2012 under DASSF 504/12 from RR5 to R1-M in order to have each of these lots entirely zoned R1-M. This will allow for the future development of a detached single-family home on each lot.

- Rezoning applications require a Public Hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee's consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, the land will be rezoned from RR5 to R1-M.

HISTORY

DASZ 9/2011 (By-Law 89/2011)

- On June 22, 2011, Council approved the subdivision and rezoning of approximately 138 acres of land north of the Perimeter Highway in between St. Mary's Road and St. Anne's Road.
- Under this application, 3 parcels of land that were originally applied to be rezoned to PR1 were approved by Council to remain zoned RR5:
    - *That The Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the planned area as shown on Schedule "A" for File DASZ 9/2011 dated May 9, 2011 to "R1-S" and "R1-M" Single Family Districts and a "PR1" Parks and Recreational District, with the exception of the slivers of land located directly south of both Elsey Road and Twickenham and the most southerly 50m of the sliver between Scammel and Tilstone, which shall remain RR5 Rural Residential 5 District.*
- The subject property is one of these parcels that the applicant is now proposing to rezone from RR5 to R1-M.

RECOMMENDATION: Approval

REPORT SUMMARY

- The applicant is proposing to rezone the rear portions of Lots 33 & 34 Block 5 Deposit No. 952-2012 under DASSF 504/12 from RR5 to R1-M in order to have each of these lots entirely zoned R1-M. This will allow for the future development of a detached single-family home on each lot.
- The Urban Planning Division recommends supporting this application.

SITE DESCRIPTION

- The subject property is located north of the Perimeter Highway between Scammel Road and Tilstone Bay in the River Park South neighbourhood of the St. Norbert Ward.
- The property is undeveloped and is currently in the process of being registered at Land Titles as the rear portions of Lots 33 & 34 Block 5 Deposit No. 952-2012 under DASSF 504/12.
- In total, the site is **approximately 3,076 square feet in area** with the rear portion of Lot 33 being 1,585 square feet in area and the rear portion of Lot 34 being 1,491 square feet in area. These rear strips of Lots 33 & 34 are about 15 feet wide (see Figure 1 below).

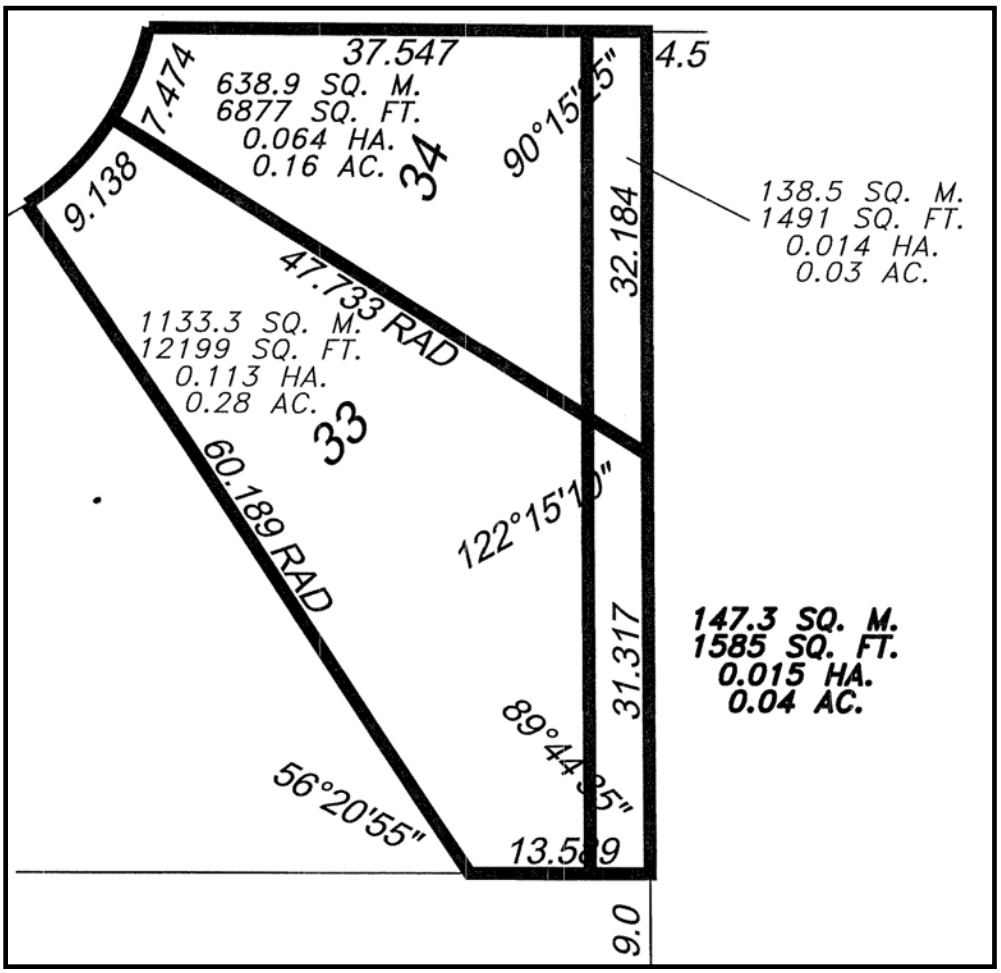

Figure 1: Lots 33 & 34 Block 5 Deposit No. 952-2012 under DASSF 504/12

- The property is zoned RR5 and is located within the Areas of Stability – Recent Communities Policy Area under the Complete Communities Direction Strategy.

Figure 2: 2012 Aerial photograph showing approximate area of subject property and surroundings

SURROUNDING LAND USES & ZONING

- The site is surrounded by undeveloped land that is currently zoned RR5, but in the process of being rezoned to R1-M under DASZ 9/2011 (see Figure 3 below).
- It should be noted that the actual rezoning of the surrounding properties will occur in phases when a plan of subdivision which defines blocks and lots for that phase (which is typically done through a DASSF or short-form subdivision) is registered in the Winnipeg Land Titles Office and a Zoning Agreement for that phase is registered. The associated DASSF for the subject property is DASSF 504/2012.

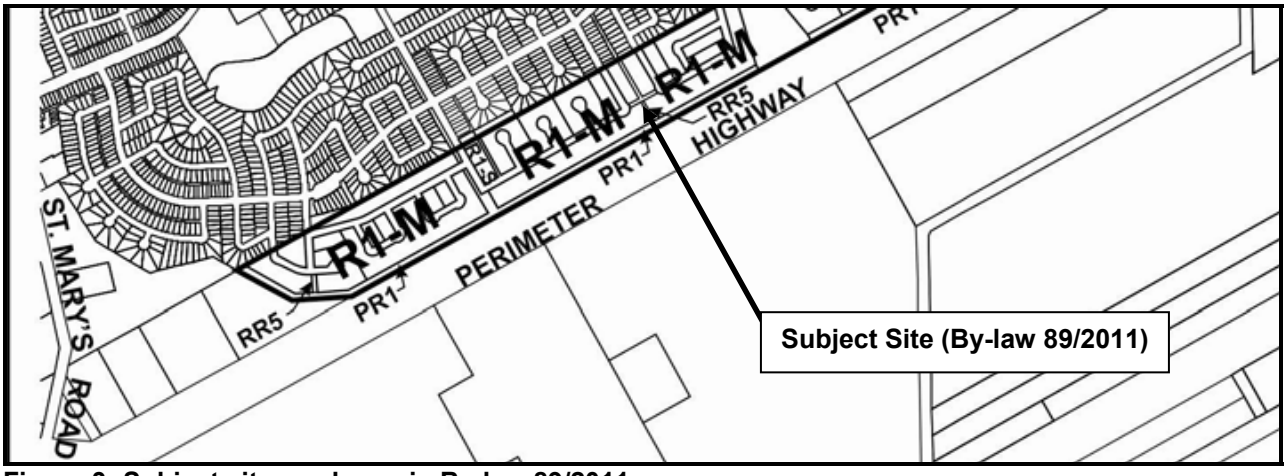

Figure 3: Subject site as shown in By-law 89/2011.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant is proposing to rezone the rear portions of Lots 33 & 34 Block 5 Deposit No. 952-2012 under DASSF 504/12 from RR5 to R1-M in order to have each of these lots entirely zoned R1-M. This will allow for the future development of a detached single-family home on each lot.
- The front portions of Lots 33 & 34 Block 5 Deposit No. 952-2012 will be rezoned to R1-M when DASSF 504/2012 is registered in the Winnipeg Land Titles Office and a Zoning Agreement for that phase is registered.

ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY

- Under the *Complete Communities Direction Strategy* the site is within the Areas of Stability – Recent Communities policy area. Key relevant policies guiding development within Areas of Stability include:
    - Support low to moderate change in low-density neighbourhoods through development and redevelopment that is complimentary to the existing scale, character and built form.
    - Focus housing growth to areas that have municipal service capacity to support intensification, in addition to commercial and recreational amenities.

ZONING

"RR5" Rural Residential 5 District

- The RR5 district is intended to provide areas for large-lot rural residential development along with limited agricultural uses. The RR5 district requires: a minimum lot width of 25 feet, a minimum lot area of 5 acres, side yards of 25 feet, a front yard of 25 feet, and a rear yard of 25 feet. The maximum building height is 35 feet and the maximum lot coverage is 30%.

"R1-M" Residential Single-Family Medium District

- The R1-M district requires: a minimum lot width of 25 feet, a minimum lot area of 3,500 square feet, side yards of 4 feet, a front yard of 15 feet, and a rear yard of 25 feet. The maximum building height is 35 feet and the maximum lot coverage is 45%.

COMPATIBILITY WITH THE SURROUNDING NEIGHBOURHOOD

- The subject site was proposed as a PR1-zoned connection under the original application DASZ 9/2011. However, it was determined by the Riel Community Committee and ultimately Council that this connection was not required. As such, the property was not rezoned and the underlying zoning – RR5 – remained in place (refer to Figure 3).
- The applicant is now proposing to rezone the rear portion of Lots 33 & 34 to R1-M in order to get rid of the split zoning of RR5 and R1-M on these lots in order to develop detached homes on each lot.

- All of the lots surrounding the subject property will be zoned R1-M, as shown in Figure 3 above.
- Lots 33 & 34 will be 13,784 square feet and 8,368 square feet in area respectively.
- Eighty-six (86) percent of Lots 33 & 34 will be zoned R1-M. By rezoning the combined rear 14% of Lots 33 & 34, the applicant is effectively getting rid of the split zoning on these lots, which is preferred by the Public Service.

LAND DEDICATION

- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes.
- The amount of land is not less than 10%.
- The developer is to provide land or 'cash in lieu' as determined by the Planning, Property and Development Department.
- The City is requesting cash in lieu for this application.

RECOMMENDATION

The Urban Planning Division recommends **approval** for the following reason:

- All of the lots surrounding the subject property are zoned R1-M.
- Eighty-six (86) percent of Lots 33 & 34 will be zoned R1-M; rezoning the combined rear 14% of Lots 33 & 34 effectively gets rid of the split zoning on these lots.
