STANDING POLICY COMMITTEE ON

INFRASTRUCTURE RENEWAL AND PUBLIC WORKS

MOTIONS

Minute No. 616
Moved by Councillor Vandal,
Seconded by His Worship Mayor Katz,

WHEREAS the implementation of the Garbage and Recycling Master plan is sometimes impractical for addresses and lots with multiple dwelling units;

AND WHEREAS there is sometimes an incongruity between the number of living units on the assessment roll and the actual situation;

AND WHEREAS there is currently no flexibility in the administrative responses to these situations;

AND WHEREAS the lack of administrative flexibility has led to citizens being told they would continue to be charged for services which would not be provided;

THEREFORE BET IT RESOLVED THAT the Public Service develop a "reasonable accommodation" policy for addresses with multiple dwelling units at the same address or for addresses where there is an incongruity between the number of living units on the assessment roll and the actual situation;

AND BE IT FURTHER RESOLVED THAT under no circumstance will billing occur for a dwelling unit which does not exist or where services are not being delivered to that dwelling unit.

Automatic Referral to the Standing Policy Committee on Infrastructure Renewal and Public Works in accordance with Rule 16.1 of the Procedure By-law
