Agenda – Executive Policy Committee – November 7, 2012

REPORTS

Item No. 2 Update on Service Sharing with the Rural Municipality of Springfield

WINNIPEG PUBLIC SERVICE RECOMMENDATION:

That this report be received as information.

DECISION MAKING HISTORY:

COUNCIL DECISION:

On September 27, 2012, Council granted the Executive Policy Committee an extension of time of sixty (60) days to report back to Council with an update on service sharing with the Rural Municipality of Springfield.

On February 22, 2012, Council concurred in the recommendation of the Executive Policy Committee and directed the Winnipeg Public Service to work with the Province of Manitoba and the Rural Municipality (R.M.) of Springfield to achieve the following:

- A plan for the establishment of the full extension of municipal services (Water, Storm Sewer, Sanitary Sewer, Paved Roads, Fire Hydrants, Fire Protection) within the next ten years inside the R.M. of Springfield on the lands known as the Springfield Industrial Park, namely the lands within the Perimeter Highway and north of Gunn Road, and that said services would be paid by property owners within the said R.M. of Springfield;

- That the R.M. of Springfield enter into a Service Agreement to cover the full cost of Professional Fire Fighting and Paramedic Services from the City of Winnipeg extending said services into the R.M. of Springfield Industrial Park (north of Gunn Road and within the Perimeter Highway) until such time that modern Fire Protection Services are extended by the R.M. itself;

and formally report back in 6 months with an update.

On January 25, 2012, Council concurred in the recommendation of the Executive Policy Committee, that an extension of time of 30 days be granted in order for the Chief Administrative Officer to report back on the July 20, 2011 Council Motion, as directed by the Executive Policy Committee on September 7, 2011.

On September 28, 2011, Council concurred in the recommendation of the Executive Policy Committee, that the Council Motion of July 20, 2011, pertaining to Municipal Boundaries – Extension to the Perimeter Highway, be referred to the Chief Administrative Officer for review and report back within 120 days.

DECISION MAKING HISTORY (continued):

COUNCIL DECISION (continued):

On July 20, 2011, Council ruled automatic referral of the following motion to the Executive Policy Committee:

Moved by Councillor Wyatt,
Seconded by Councillor Eadie,

WHEREAS the Conference Board of Canada's forecast predictions for the growth of the City of Winnipeg have been accurate for the last number of years;

AND WHEREAS the City of Winnipeg is running out of land in its suburban areas, resulting in more pressure from the development industry to expand into the Municipalities known as the Capital Region;

AND WHEREAS the City of Winnipeg has a higher level of development standards and services when compared to the substandard requirements permitted in the Capital Region;

AND WHEREAS in recent years there has been pressure to extend City of Winnipeg municipal services, such as sanitary sewer and water into the Rural Municipalities of the Capital Region, and this will have a direct impact on the ability to accommodate future growth in both the City of Winnipeg and the Capital Region;

AND WHEREAS growth in the Capital Region, if serviced by City of Winnipeg services such as sewer and water, will undermine the goals of sustainable planning such as densifying growth preventing ex-urban sprawl and have a direct and negative impact on Winnipeg's services and infrastructure;

AND WHEREAS over $200 million of infrastructure dollars is being spent on new regional roads into the RM of Rosser, diverting said dollars away from badly needed infrastructure works that could have been conducted inside the City of Winnipeg;

AND WHEREAS Provincial governments of any political stripe, be it NDP or Conservative, have failed to address the issues of development and sprawl in the Capital Region by ensuring there is orderly and sustainable development;

DECISION MAKING HISTORY (continued):

COUNCIL DECISION (continued):

AND WHEREAS the Mayor recently committed Council to fund $17 million in water and sewer services as part of the Centre Port venture, with much of said services being directly provided in to the Rural Municipality of Rosser, and yet no report has been provided to Council with regard to the source of said funds, the cost recovery (if any) to the City of Winnipeg and a share of Property Tax revenues (if any) from the future growth expected within the RM of Rosser;

AND WHEREAS if Rural Municipal lands now between the City of Winnipeg's existing boundary limit and the Perimeter Highway were to fall under the jurisdiction of the City of Winnipeg, development would be allowed to occur in a more orderly and sustainable fashion, and with a higher level development standards;

AND WHEREAS any future development in the ex-urban lands that were previously part of the capital region should be subject to the full cost accounting which would include costs such as transit, fire, police, recreation and leisure services, and said costs be charged back to the development/developer(s);

THEREFORE BE IT RESOLVED that the City of Winnipeg call on the Province of Manitoba to bring into effect Municipal Boundary Redistribution by amending applicable legislation to conduct boundary realignment for the City of Winnipeg and Capital Region municipalities in order to change Winnipeg's existing municipal boundaries by extending it up to the Perimeter Highway.

ADMINISTRATIVE REPORT

Title: **Service Sharing with the RM of Springfield - Update**

Critical Path: **Executive Policy Committee - Council**

RECOMMENDATIONS

1. That this report be received as information.

REASON FOR THE REPORT

At its meeting on February 22, 2012, Council concurred in the recommendation of the Executive Policy Committee and directed the Winnipeg Public Service to work with the Province of Manitoba and the R.M of Springfield to achieve the following:

A. A plan for the establishment of the full extension of services (Water, Storm Sewer, Sanitary Sewer, Paved Roads, Fire Hydrants, Fire Protection) within the next ten years inside the RM of Springfield on the lands known as the Springfield Industrial Park, namely the lands within the Perimeter Highway and north of Gunn Road, and that said services would be paid by property owners within the said R.M. of Springfield;

B. That the R.M. of Springfield enter into a Service Agreement to cover the full cost of extending said services into the R.M of Springfield Industrial Park (north of Gunn Road and the Perimeter Highway) until such time that modern Fire Protection Services are extended by the R.M. itself;

and to formally report back within 6 months with an update.

DISCUSSION

The Winnipeg Public Service has initiated dialogue with the R.M. of Springfield regarding the establishment of a full range of services within the Springfield Industrial Park and the extension of Professional Fire Fighting and Paramedic Services from the City of Winnipeg into the area. Initial conversations have been positive.

At this time, continued negotiations are premature until the service sharing negotiations between the City of Winnipeg and the R.M. of West St. Paul are completed and an agreement formalized. The agreement negotiated between Winnipeg and the R.M. of West St. Paul can then be used to inform any future negotiations between Winnipeg and other Municipalities.

FINANCIAL IMPACT

Financial Impact Statement Date: August 22, 2012

Project Name:

Service Sharing with the RM of Springfield - Update

COMMENTS:

The recommendations contained in this report are that Council receives this update as information and that the City of Winnipeg Public Service continues to keep lines of communication open with the Province of Manitoba and the Rural Municipality (R.M.) of Springfield regarding service sharing.

There are no financial implications associated with these recommendations.
