REASON FOR THE REPORT

On March 24, 2004, Council established the Standing Policy Committee on Downtown Development. This Standing Policy Committee has jurisdiction over matters related to asset management, development control, land acquisition, land development and planning and land use in the area defined as Downtown.

On March 23, 2011, Council amended the name of the Standing Policy Committee on Downtown Development to the Standing Policy Committee on Downtown Development, Heritage and Riverbank Management.

In this regard, the Planning, Property and Development Department has negotiated the proposed terms and conditions of an Encroachment Agreement in favour of The Bell Building Inc. for a Transformer on the lands north of Cumberland Avenue adjacent to 370 Donald Street.

IMPLICATIONS OF THE RECOMMENDATIONS

The Department has determined that there is no general, policy, regulatory, environmental or human resource implications to lease the lands as shown on the attached Miscellaneous Plan No. 13795/2.

HISTORY

The Bell Building at 370 Donald Street was constructed in 1905 and is considered a mixed use building. In March of 2012 The Bell Building Inc. took ownership of 370 Donald Street with the intent of converting the building into a residential rental complex.

The Bell Building Inc. submitted an application to the City's Zoning and Permits Branch in August of 2012 to allow for a transformer and underground feeds North of Cumberland Avenue adjacent to 370 Donald Street.

370 Donald Street currently is included in the City of Winnipeg's Historical Buildings Inventory.

The application was circulated by the City's' Zoning and Permits Branch to applicable City departments and public utilities for consideration and comments. Any required comments have been incorporated into the terms and conditions.

The Planning, Property and Development Department has negotiated proposed terms and conditions of an Encroachment Agreement in favour of The Bell Building Inc. to allow for a transformer and underground feeds North of Cumberland adjacent to 370 Donald Street.

The Corporate Finance Department, Risk Management Branch, reviewed the insurance requirements for this proposed encroachment and their comments have been incorporated into the terms and conditions.

This report seeks approval of the Encroachment Agreement as negotiated.
