DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The zoning agreement amendment is required for the maintenance of an existing patio that was constructed within the required rear yard setback. The home has recently been sold and upon the sale, the issue was identified. ANALYSIS AND ISSUES

ZONING

"R1" Residential District - The Residential Single-Family (R1) district is intended to accommodate primarily single-family residential development in lower–density neighbourhoods.

ZONING (BY-LAW 200/2006)

The Zoning Agreement states - *Each lot within the land abutting the stormwater retention lake shall have and maintain the following minimum rear yards:*

b) a minimum rear yard of 12.8 metres (42 feet) measure from the rear lot line to any detached accessory building.

In this case, the detached accessory building is a patio.

Figure 3: Patio built within the rear yard setback requirements.

The patio is the subject of the reduced rear yard setback. It comprises part of the walkway from the rear of the home to the retention pond. The impact on the landscape is minor and is not foreseen to have negative impact on the stormwater retention pond. As such, the Urban Planning Division recommends that the Zoning Agreement Amendment be approved.

RECOMMENDATION

1) That the Zoning Agreement under File DASZ 42A/84 dated April 17, 1985 be amended for the subject property (Lot 10 Block 1 Plan 19134) to permit a rear yard of 11.9 metres (39.2 feet) instead of 12.8 metres (42 feet).

2) That the Director of Legal Services and City Solicitor be requested to amend the subject Zoning Agreement to DASZ 42A/84 as approved in aforesaid Recommendation 1.

3) That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

4) That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
