RECOMMENDATIONS

That Schedule 6 of the *City of Winnipeg Traffic By-law No. 1573/77* be amended by striking out clause A(2).

REASON FOR THE REPORT

Reconstruction of the Disraeli Freeway also commonly known as Route 42 Overpass of Higgins Avenue and Crossing of the Red River (hereinafter referred to as Disraeli Bridge and Overpass) was completed in the fall of 2012. The 36,500 kg gross vehicle weight limit is no longer required with the reconstruction completed.

The recommendation of the Winnipeg Public Service requires a By-law amendment and must be approved by Council.

IMPLICATIONS OF THE RECOMMENDATIONS

The Disraeli Bridge and Overpass will now be capable of carrying legal gross vehicle weights pursuant to the *Vehicle Weights and Dimensions on Classes of Highways Regulation* (MR 575/88), subject to Section 45. of the City of Winnipeg *Traffic By-law 1573/77.*

HISTORY

Prior to the Disraeli Bridge and Overpass Reconstruction Project, the Disraeli Bridge and Overpass had a 36,500 kg gross vehicle weight restriction. This restriction is currently listed under clause A(2) of Schedule 6 of the City of Winnipeg *Traffic By-law 1573/77.*

The Disraeli Bridge and Overpass Reconstruction Project meets a design standard that is consistent with current bridge design codes and will increase the permissible gross vehicle weight to encompass all legal weights pursuant to the *Vehicle Weights and Dimensions on Classes of Highways Regulation* (MR 575/88), subject to Section 45 of the City of Winnipeg *Traffic By-law 1573/77.* As such, it will not be necessary to have a weight restriction on the Disraeli Bridge and Overpass.

In consideration of the foregoing, the Winnipeg Public Service recommends that Schedule 6 of the *City of Winnipeg Traffic By-law No. 1573/77* be amended by striking out clause A(2). A draft By-law amendment is attached in APPENDIX 'A': Draft By-law Amendment.
