HISTORY

On November 1, 2011, a *"Petition For"* was issued to Mr. Gord Howe, Director of Facilities and Operations, on behalf of the Pembina Trails School Division whose office is located at 165 Henlow Bay for a proposed Concrete Sidewalk Local Improvement Project within the City Centre Community and Ward boundary which is depicted in the following drawing:

The City Clerk's Department received the signed *"Petition For"* form on December 6, 2011.

On December 9, 2011, the Manager of Taxation and Finance submitted a Report to the City Centre Community Committee recommending that the proposed undertaking of this local improvement project may be advertised in March 2012.

On January 3, 2012, the City Centre Community Committee authorized the Winnipeg Public Service to advertise in March 2012 this proposed local improvement project.

On March 26, 2012, this proposed local improvement project was advertised in the *Winnipeg Free Press* newspaper. Per Section 409 of *The City of Winnipeg Charter*, objections to the proposed local improvement must be filed at least 30 days after the notice is published. A deadline of April 25, 2012 was published for this local improvement.

In the period through April 25, 2012 there were no official *"Notice of Objection"* forms requested from our office, nor were any objection letters received directly by the City Clerks department. The deadline of April 25, 2012 has elapsed with no objections filed by any registered property owner.

Given no objections were filed, the Winnipeg Public Service recommends that this Project proceed as part of the 2012 Local Improvement Program which is funded through the Local Improvement Float.

The construction cost of the project (which excludes advertising costs) is estimated to be $95,000 of which 96.44% is to be recovered from the registered property owners.
