HISTORY

The Planning, Property and Development Department has received a request from Mr. Les McLaughlin of Pollock & Wright, representing Manitoba Housing and Renewal Corporation, to close the portions of Upham, Madina and Mickle Avenues, Carrick Street and the Public Lanes south of Lee Boulevard, west of Kenaston Boulevard so identified on the attached copy of Misc. Plan No. 14423/1. The streets, once closed, will be incorporated into the development of the adjoining property currently being processed under subdivision and rezoning application DASZ 8/2012.

The subject closings form part of the Waverley West Neighbourhood - Bridgwater Trails Development. At its meeting held on September 10, 2012, the Riel Community Committee considered application DASZ 8/2012 and concurred in the recommendations of the Report of the Winnipeg Public Service, as amended. On November 14, 2012, Council concurred in the recommendation of the Standing Policy Committee on Property and Development and approved subdivision and rezoning application DASZ 8/2012. A sketch showing the location of the subject closings within the development application boundary is attached.

Upham (formerly York) and Mickle Avenues, Carrick Street and the Public Lanes were opened by Plan No. 2284 and registered in the Winnipeg Land Titles Office in June of 1914. Madina (formerly Warwick) Avenue was opened by Plan Nos. 2145 and 2284 and registered in the Winnipeg Land Titles Office in August of 1913 and June of 1914 respectively. The subject streets and lanes are not physically developed and exist in a legal context only, consisting of open prairie. They serve no apparent public transportation purpose.

The subject closings are being processed concurrently with DAC 2A/2013 and DAC 2B/2013, additional applications proposing the closing of part of Cadboro Road and Lee Boulevard (Government Road Allowance), also for incorporation into DASZ 8/2012.

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street and lane closings.

Easements

Any easement requirements will be addressed through subdivision and rezoning application DASZ 8/2012.

Conveyance of Street for $1.00

The area of the streets and lanes being created by the subdivision (69.84 acres) exceeds the area of the streets and lanes being closed (5.42 acres). In accordance with City policy, the closed portions of Upham, Madina and Mickle Avenues, Carrick Street and the Public Lanes will be conveyed to the Developer for the nominal sum of $1.00.

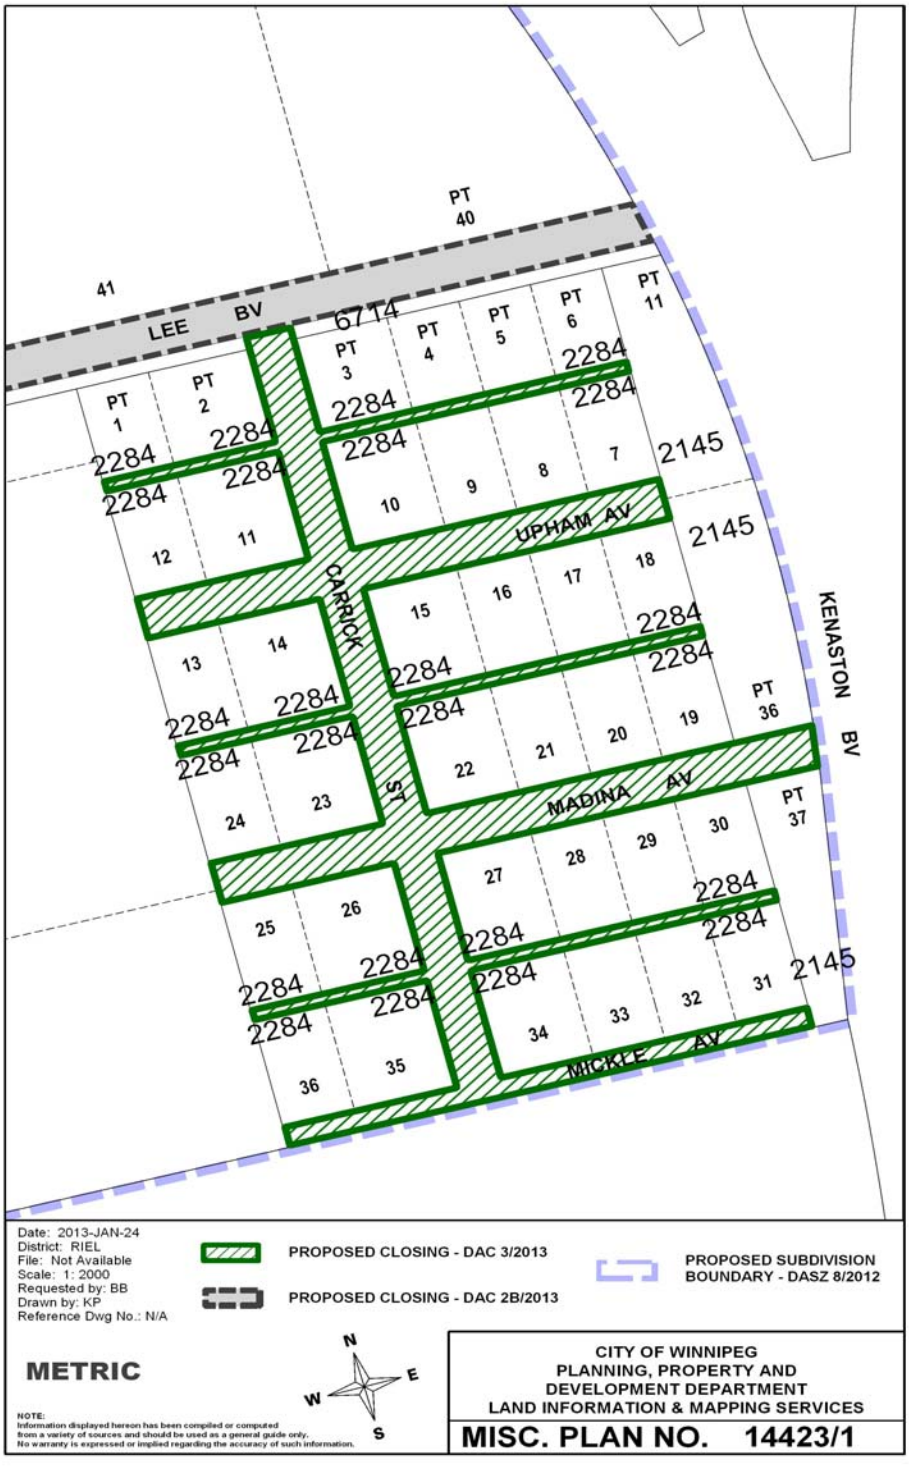

Transfer of Jurisdiction Over Public Rights-of-Way

The streets and lanes must be legally closed before they may be conveyed. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
