RECOMMENDATIONS

1. That the proposed street closings as shown on Misc. Plan No. 14423 be approved and that the land be declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street closings in accordance with Misc. Plan No. 14423.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street closings are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Les McLaughlin of Pollock & Wright, representing Manitoba Housing and Renewal Corporation, to close the portions of Cadboro Road and Lee Boulevard (Government Road Allowance) so identified on the attached copy of Misc. Plan No. 14423. The streets, once closed, will be incorporated into the development of the adjoining property currently being processed under subdivision and rezoning application DASZ 8/2012.

The subject closings form part of the Waverley West Neighbourhood - Bridgwater Trails Development. At its meeting held on September 10, 2012, the Riel Community Committee considered application DASZ 8/2012 and concurred in the recommendations of the Report of the Winnipeg Public Service, as amended. On November 14, 2012, Council concurred in the recommendation of the Standing Policy Committee on Property and Development and approved subdivision and rezoning application DASZ 8/2012. The sketch for this application is attached and shows the approximate location of the subject closings within the development.

Cadboro Road was opened by Plan No. 1631 and registered in the Winnipeg Land Titles Office in May of 1911. Lee Boulevard (Government Road Allowance) was created in 1877 by the original Dominion Government Survey of the Outer Two Miles of the Parishes of Saint Vital and Saint Norbert. The subject closing areas consist of a granular surface roadway, both connecting to Brady Road. There are no residences on either side of the streets. Portions of these rights of way east of the subject closings have been re-dedicated as “Kenaston Boulevard” by Plan No. 52290 WLTO. Bison Drive will provide a future connection to Brady Road from the Bridgwater Trails Development.

The subject closings are being processed concurrently with DAC 3/2013, an additional application proposing the closing of Upham, Madina and Mickle Avenues, Carrick Street and the Public Lanes south of Lee Boulevard, West of Kenaston Boulevard, also for incorporation into DASZ 8/2012.

CONSULTATION

In preparing this Report there was consultation with:

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street closings.

Easements

Although easement requirements will be addressed through subdivision and rezoning application DASZ 8/2012, Manitoba Hydro has advised that those requirements have yet to be finalized. Consequently, Hydro has requested that easements for their facilities be secured under the subject closing application. The requirements will be withdrawn once they have been finalized under DASZ 8/2012.

In the interim, no permanent structures will be allowed within the easement areas. Any removal or relocation of existing facilities as a result of the proposed street closings will be at the expense of the applicant.

Conveyance of Street for $1.00

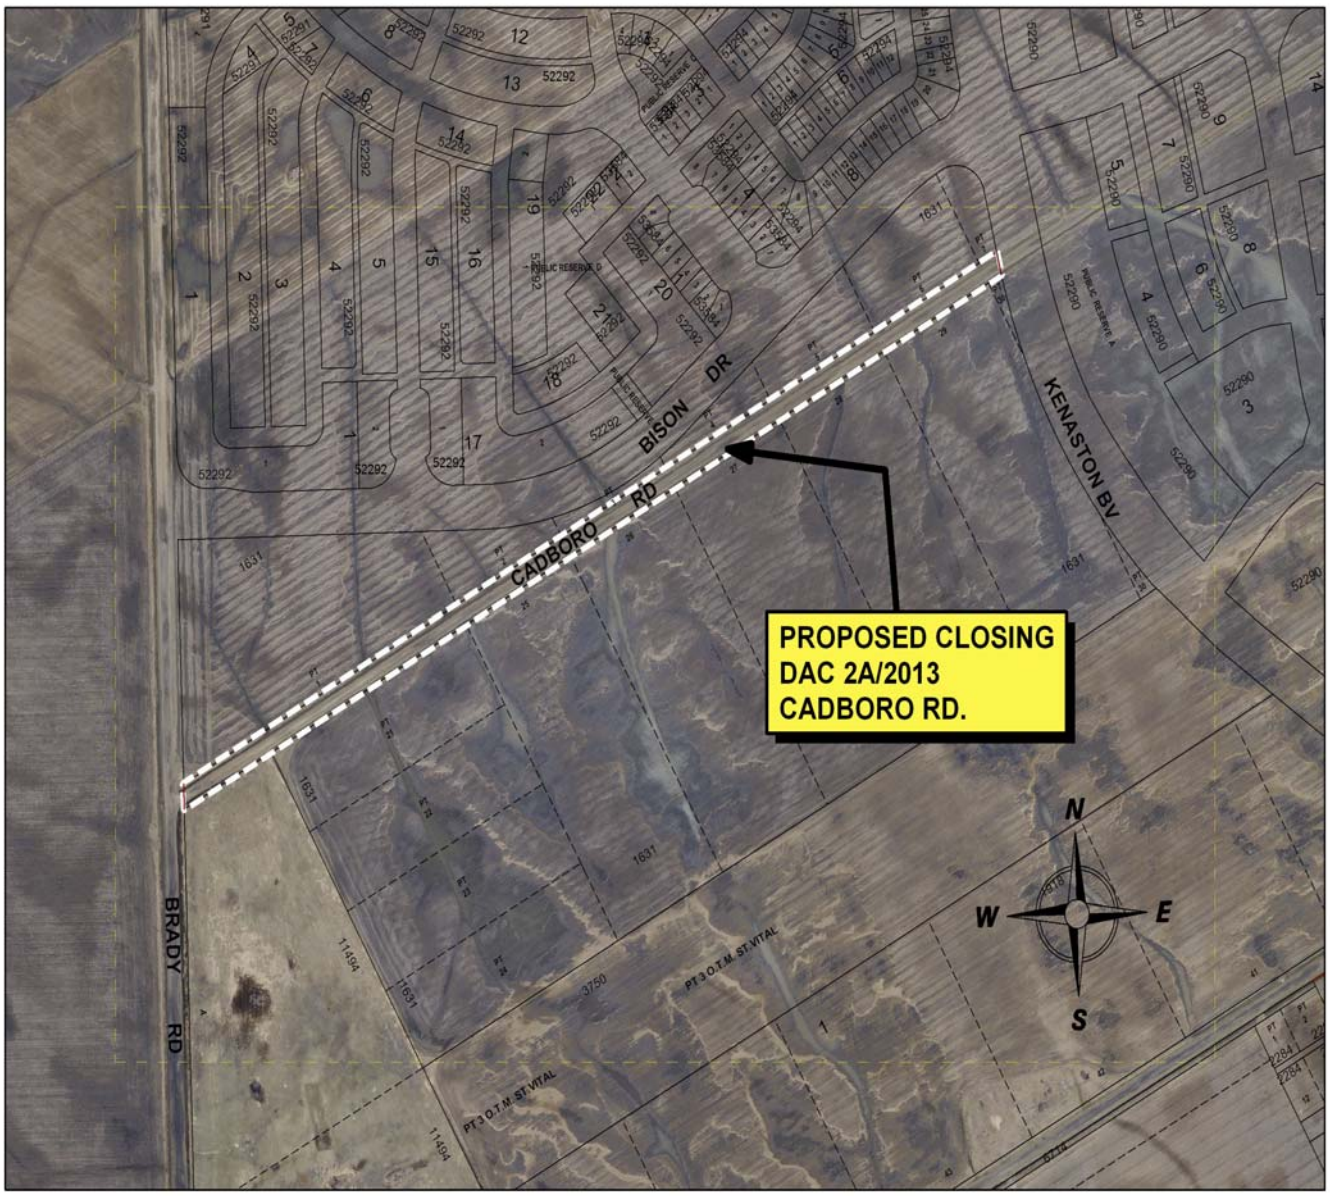

The area of the streets and lanes being created by the subdivision (69.84 acres) exceeds the area of the streets being closed (12.22 acres). In accordance with City policy, the closed portions of Cadboro Road and Lee Boulevard (Government Road Allowance) will be conveyed to the Developer for the nominal sum of $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be conveyed. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
