RECOMMENDATIONS

That this Report, including Appendices, be received as information.

REASON FOR THE REPORT

On March 24, 2004, Council adopted Item 1 of the Report of Executive Policy Committee, dated March 10, 2004, delegating to the Chief Administrative Officer certain authorities of the Materials Management Policy. Under Administrative Standard FM-002, issued pursuant to the Materials Management Policy, the Chief Administrative Officer is required to report annually to Council on the assignment of consultants.

IMPLICATIONS OF THE RECOMMENDATIONS

None

HISTORY

On May 12, 2010, Executive Policy Committee received as information, details of an amendment to Administrative Standard FM-002 that, effective January 1, 2011, competitive bids are required for:

a) consultant services relating to capital projects included in the capital budget, where the estimated value of the consultant service exceeds $100,000 in total, including all phases of any given project;

b) consultant services, other than those related to capital projects, where the estimated value of the consultant service exceeds $35,000 in total, including all phases of any given project.

unless otherwise authorized by Executive Policy Committee.

On June 27, 2012, Council authorized the Chief Administrative Officer to:

a) amend Administrative Standard FM-002 to require submission of the Report on Consultant Assignments to Council on an annual basis; and

b) report annually, where the Chief Administrative Officer has approved a single source exceeding certain specified dollar amounts, as part of the Report on Consultant Assignments to the Executive Policy Committee.

Executive Policy Committee recommends, where the Chief Administrative Officer approves a single source assignment, pursuant to B4.1 (j) (emergency), which exceeds the dollar amount set out above, such approvals be reported at least annually.

The following Appendices contain information obtained from each department relating to Consultant services for the period of January 1 to December 31, 2012.

- Appendix A (pg. 4) - Summary of "other than Capital" contracts summarized by Type of Service and Total Payment for **all City departments**.
- Appendix B (pg. 5) - Summary of "other than Capital" contracts summarized by Type of Service and Total Payment for each department.
- Appendix C (pg. 8) - Details of "other than Capital" contracts.
- Appendix D (pg. 33) - New single source for 2012 with an explanation for any single source exceeding the limits set out by Executive Policy Committee effective January 1, 2011.

All entries have been reviewed for compliance with Administrative Standard FM-002. Where inconsistencies occur, an explanation is included on the spreadsheet.

Consultant services are services provided directly to the City of Winnipeg (City), as defined in Administrative Standard FM-002 including:

- Medical doctors, dentists, nurses, pharmacists, veterinarians, engineers, land surveyors, architects, accountants, lawyers and notaries accredited real estate appraisers, agrologists, dietitians, home economists, interior designers, occupational therapists, optometrists, physiotherapists, psychiatric nurses, psychologists, trainers, speech and hearing therapists and landscape architects
- Communications consultants, Information technology consultants, management consultants, and training consultants

Where competitive bids are not required and the assignment is approved by the Department Head, the following applies:

For "other than Capital" Consultant assignments, over-expenditures can be approved by the Department Head up to a total value (including the over-expenditure) of $35,000.

For "Capital" Consultant assignments, over-expenditures can be approved by the Department Head up to a total value (including the over-expenditure) of $100,000.

In future, all over-expenditures on single source Consultant assignments exceeding the above amounts are approved by the Chief Financial Officer.

In no case are over-expenditure approvals made without funds being available in an approved budget.
