COMMUNITY:	City Centre Community
NEIGHBOURHOOD #:	River Osborne 1.11
SUBJECT:	To rezone the subject land from an "RMF-M" Multiple Family Residential District to a "C1" Commercial District
LOCATION:	159 Mayfair Avenue
LEGAL DESCRIPTION:	Lot 48 Plan 334 WLTO (W. Division) in PL 41 Parish of St. Boniface

APPLICANT:	SNH Architecture, Evan Hanson
OWNER:	Sir Hugh John MacDonald Memorial Hostel
RECOMMENDATION:	Approval with conditions

SITE DESCRIPTION:

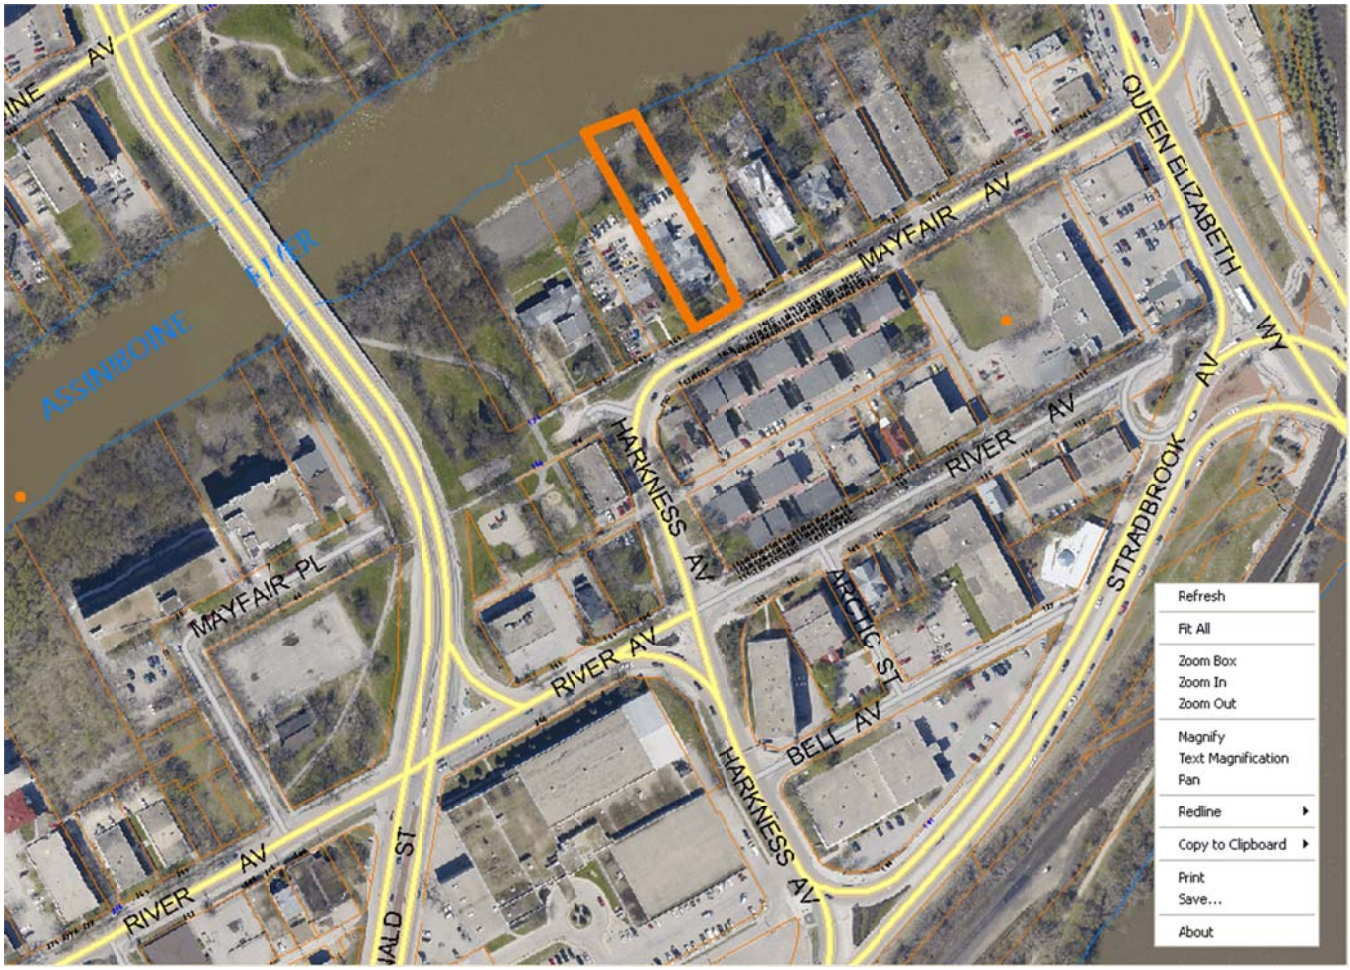

Figure 1: Subject Site and Surrounding Area

The subject property, which is currently zoned “RMF-M” Multi-Family Residential District, is located on the north side of Mayfair Avenue across from a 48 unit Manitoba Housing complex. 159 Mayfair is part of a 4-lot, 4 building complex owned and operated by the Sir Hugh John Macdonald Memorial Hostel Service. The properties in question are all flanked by the Red River to the north and the midtown bridge to the west.

North: The subject property abuts the Red River to the north.

South: Adjacent to the south is a large 48 dwelling unit Manitoba Housing complex zoned “RMF-M” Multiple Family.

East: To the east are, on the four adjoining lots, are a number of medium size multiple family apartment buildings, all of which house between 16 and 29 dwelling units. The area is similarly zoned “RFM-M“ Multiple Family.

West: To the east are the three remaining lots owned and operated by the Sir Hugh John Macdonald Association. All three adjoining properties are zoned "RMF-M" Multiple Family.

DESCRIPTION OF THE PROPOSED DEVELOPMENT:

- Macdonald Youth Services has operated an emergency youth shelter at 161 Mayfair Avenue for close to twenty years.
- MYS has outgrown that aging facility and much needed renovations are not structurally feasible.
- The plan is to upgrade an adjacent building at 159 Mayfair Avenue which will become the new home of the MYS Youth Resource Centre & Shelter.
- Essentially the mandate will be the same – specifically, to offer the only emergency shelter for homeless at risk youth in the City of Winnipeg.
- The Centre will deliver intake services and specialized treatment in a secure and private environment monitored by closed circuit television.
- Generally homeless at risk youth between the ages of twelve and seventeen are the targeted clientele, all of whom will receive emergency short term shelter and individual counseling where necessary.
- In addition to the internal renovation effort, a small building at the rear of the subject property is to be demolished.
- In addition to the rezoning and conditional use, two accompanying maintenance variances are effectively created by the rezoning to commercial: a) an existing front yard exceeding 10 feet and b) an accessory parking area with gravel surfacing instead of asphalt, concrete or paving stones.
- The Public Service supports the requested rezoning to "C1" Commercial (with conditions) and the accompanying conditional use and variances.

ANALYSIS AND ISSUES:

<u>OurWinnipeg and Complete Communities Direction Strategy</u>

- The Complete Communities Direction Strategy is one of four direction strategies supporting OurWinnipeg, the city's new long-range development plan, and is intended to gain statutory authority as a secondary plan. The strategy is intended to serve as a "playbook" to guide land use and development in Winnipeg. It received third reading at City Council on July 20, 2011, and became effective on August 17, 2011.

- Several of the objectives outlined in the Complete Communities/Our Winnipeg strategy are as follows:

    - support low to moderate change in low density neighborhoods through development and redevelopment that is complimentary to the existing scale, character and built form.
    - Promote a quality public realm with a high level of accessibility to community services and amenities and opportunities for gathering and social interaction and

- Support a mix of commercial services and employment uses that serve the local community.
- Continue to build key partnerships with community leaders and community organizations aimed at providing effective and complete services in jointly identified priority areas, such as support for children and youth at risk of victimization and other vulnerable populations.

Zoning Agreement:

The Public Service is recommending a zoning agreement, which would restrict the types of uses which could be developed on this property, in the future. This is necessary because an open ended "C1" Commercial District would allow for a variety of uses which would not necessarily be appropriate at this location.

The Public Service is also recommending a cross access agreement to ensure that this property will have continued access in the future.

Heritage Status:

In 2008, the Standing Policy Committee on Property and Development placed the John Duncan McArthur House at 159 Mayfair Avenue on the Buildings Conservation List under the Historical Buildings By-Law No.1474/77 (with a Grade III designation). There were five primary elements of the original building (constructed in 1903) to be protected which are as follows:

Exterior:

1. The south-facing brick building resting on a raised, rough-cut stone foundation located mid-block on Mayfair Avenue
2. Ornate wrap-around porch with paired wooden columns on tall stone bases and robust limestone steps
3. The rounded, two-storey bay windows topped by deep, curved eaves and rough-cut stone accenting of the front (south) façade
4. Raised section between the bay windows with its modified Swan's Neck pediment
5. West-facing stained-glass piano window

Should any of the items on the aforementioned list were to be altered, the owners would need to apply for a Certificate of Suitability or Heritage Permit from the City of Winnipeg. A Certificate is **not** currently required , at this point, given that all five of the protected elements inherent in the original building design are to be maintained and protected. That portion of the existing building at the rear of the structure which is to be demolished is a recent addition constructed in the 1970's. It is not eligible for protection under the By-Law.

RECOMMENDATIONS:

The Planning and Land Use Division recommends approval for the following reasons:

- The rezoning will allow Macdonald Youth Services to continue to serve homeless at risk youth in an upgraded facility. The current emergency shelter is the only facility in the City offering this specific kind of service in addition to counseling services.
