RECOMMENDATIONS

1. That the proposed Temporary Construction Easement, identified as "Temporary Construction Easement" on the attached Misc. Plan No. 14299/3 be approved in accordance with the terms and conditions negotiated with the property owner, 4477902 Manitoba Ltd., dated May 17, 2013.

2. That part of Plan 7048, SW ¼ 5-11-4E, as identified as "Subject Property" on the attached Misc. Plan No. 11120/3 be declared surplus to the needs of the City.

3. That the sale of part of Plan 7048, SW ¼ 5-11-4E, as identified as "Subject Property" on the attached Misc. Plan No. 11120/3 be approved in accordance with the terms and conditions negotiated with the purchaser, 4477902 Manitoba Ltd., dated May 17, 2013.

4. That the Property Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- The Public Works Department has identified the "Temporary Construction Easement" as being required for the Plessis Road Twinning and Grade Separation at CN Rail.

- Council approval is required to declare the City-owned "Subject Property" surplus to the needs of the City.

- The Planning, Property and Development Department intends to sell the subject City-owned property to the adjoining owner at 2125 Dugald Road for consolidation with their property.

IMPLICATIONS OF THE RECOMMENDATIONS

- There are no regulatory or human resources implications associated with this report.
- Any financial obligations for this transaction would be funded by the 2012 Capital Budget, Account #003-181000-180604-1803000112-PROPERTY.
- There are no direct financial implications associated with this recommendation.

HISTORY

- At its December 13, 2011 meeting, Council approved the Public Works Department 2012 Capital Budget and the 2013 to 2017 Five-Year Forecast, which included the property acquisitions for the Plessis Road Twinning and Grade Separation at CN Rail.
- In March, 2013 the Public Works Department identified a need for a temporary construction easement required for the temporary relocation of the rail line (shoo fly) in order to accommodate construction commencing in late June, 2013.
- During discussions with the Property Owner, he indicated that the loss of 4.53 meters on the north side of the property will detrimentally affect the operation of his storage facility. His initial position included loss for semi truck business, loss of drive-by business due to the closure of Plessis Road for an extended period of time and extra snow clearing charges due to the reduced amount of storage space for snow. The amount claimed was approximately $500,000.00.
- An in-house appraisal indicates the market value of the Subject Property City-owned property is $100,000.00. The area Councillor supports the sale of the City-owned property to the adjacent property owner.
- A negotiated settlement was reached with the property owner, 4477902 Manitoba Ltd. in accordance with the terms and conditions of the signed Schedule “A” dated May 16, 2013.
- The negotiated settlement includes that the Property Owner will grant the City a Temporary Construction Easement as identified on the attached Misc. Plan No. 14299/3 for a period of 26 months in exchange for the adjacent City-owned parcel identified as “Subject Property” on the attached Misc. Plan No. 11120/3.
- The City will pay $3,640.00 for loss of two parking stalls adjacent to the Temporary Construction Easement on the west side of the storage facility.
- The Public Service is of the opinion, given the owners position, and the very tight time frame, the best possible settlement would be for the City to exchange the City-owned property for the Temporary Construction Easement.
- The Public Works Department supports the settlement as negotiated
