RECOMMENDATIONS

1. That the subject City-owned property between 690 & 692 St. Anne's Road, identified as "Subject City Property" on Misc Plan No. 9003/2 be declared surplus to the needs of the City.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required to declare the subject City-owned property surplus to the needs of the City.

The Planning, Property and Development Department intends to sell the subject City-owned property to the adjoining owners in accordance with the delegated authority granted to the Director for the sale of small parcels to be used for residential purposes.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no regulatory or human resource implications associated with the report.

The City's standard terms and conditions of sale will include provisions to protect the City's interests in the event that environmental contamination is discovered.

There are no direct financial implications associated with this recommendation.

HISTORY

The subject City-owned property was retained as a residual strip from a previous subdivision, because it is encumbered with a Land Drainage Sewer that runs through the property at an angle. The subject City-owned property is deemed unbuildable due to this encumbrance.

The subject City-owned property was circulated to all City Departments and no Civic need was identified.

Recently, the adjoining owners each expressed interest in acquiring a portion of the subject City-owned property.

The Department intends to sell Parcel “A” and “B” as shown on Misc. Plan No. 9003/2 to the adjoining owners at 690 & 692 St. Anne’s Road for consolidation with their current holdings. The sale will be subject to successful subdivision and granting of a blanket easement in favor of the City of Winnipeg for the existing land drainage sewer.

The Ward Councillor was consulted and concurs with the intentions of the Department.
