RECOMMENDATIONS

1. That Zoning Agreement DASZ 7/2006, dated August 21, 2006 (By-law 140/2006), be amended as follows:

   A. That Clause 3 be deleted and the following substituted therefore:

      3. All single-family residential lots backing onto Leila Avenue are to be established with a minimum rear yard setback of 17.5 metres, except that a minimum rear yard setback of 13.7 metres may be established on Lot 6, Block 2, Plan 45427 WLTO.

2. That the Director of Legal Services and City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 7/2006 (By-law 140/2006), as approved in aforesaid Recommendation 1.

3. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

4. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

REASON FOR THE REPORT

This report is required because the existing sunroom does not conform to Zoning Agreement DASZ 7/2006.

The Planning and Land Use Division recommends approval of Application ZAA 4/2011 because the proposed amendment to Zoning Agreement DASZ 7/2006:

- complies with *Plan Winnipeg 2020 Vision*; and
- is compatible with the neighbourhood, given that it would only reduce the rear yard of the planned area by 3.8 metres (12.5 feet).

The planned area (the site) is:

- in the Amber Trails Neighbourhood and the Old Kildonan Ward;
- between Strasbourg Drive and Alonza Street;
- approximately 7160 square feet and 42.6 feet wide;
- encompassing a single-family dwelling with a rear yard abutting Leila Avenue having a depth of 45 feet, as measured from the sunroom;
- near other single-family dwellings with rear yards abutting Leila having depths ranging from approximately 68 feet to 83 feet; and
- in an “R1-M” Residential Single-Family [medium scale] District and a Neighbourhood policy area of *Plan Winnipeg 2020 Vision*.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations in this report are concurred in, the existing sunroom can remain in the planned area.

CONSULTATION

Public Works has no concern with reducing the minimum rear yard setback from 17.5 metres to 13.7 metres in the planned area.
