There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

HISTORY

The Planning, Property and Development Department is proceeding with an application on behalf of the Public Works Department to open the south side of Murray Avenue between McPhillips and McGregor Streets so identified on the attached copy of Misc. Plan No. 14212/6. The opening is required in order to accommodate granular surface roadway and drainage improvements to the right of way.

On January 29, 2013, Council adopted the Report of the Executive Policy Committee dated January 23, 2013 recommending the approval of the 2013 Capital Budget and 2014 to 2018 Five Year Forecast. The subject opening forms part of the Regional and Local Street Renewal Program contained in the report.

On February 27, 2013, Council approved opening/closing application DAOC 2/2012. Part of the opening component was for the widening of Murray Avenue immediately east of the subject opening up to CPR Mainline Plan 379 WLTO. The subject opening was not included in DAOC 2/2012 because a Purchase and Sales Agreement for the acquisition of the property had not been finalized. The Real Estate Division has now successfully completed negotiations with the property owners, Brendie Enterprises Ltd. and Malado Enterprises Ltd., and a signed Agreement is presently in place.

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.
