Minutes – Executive Policy Committee – November 13, 2013

Minute No. 21
Report – Standing Policy Committee on Property and Development – November 5, 2013

Item No. 5 **Secondary Plan Amendment to the North Henderson Highway Secondary Plan (By-law 1300/76) – First Reading**
File SPA 6/2013

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Property and Development and submitted the following to Council:

1. That By-law No. 99/2013, a by-law to amend the North Henderson Highway Secondary Plan (By-law 1300/76), be forwarded to Council for First Reading to allow for the East Kildonan-Transcona Community Committee to conduct a Public Hearing.

2. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Minutes – Executive Policy Committee – November 13, 2013

Report – Standing Policy Committee on Property and Development – November 5, 2013

DECISION MAKING HISTORY:

Moved by Councillor Browaty,

That the recommendation of the Standing Policy Committee on Property and Development be concurred in and forwarded to Council.

Carried

STANDING COMMITTEE RECOMMENDATION:

On November 5, 2013, the Standing Policy Committee on Property and Development concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: SPA 6/2013 Secondary Plan Amendment to the North Henderson Highway Secondary Plan (By-law 1300/76) – First Reading

Critical Path: Standing Policy Committee on Property and Development → Executive Policy Committee → Council

AUTHORIZATION

Author	Department Head	CFO	CAO

RECOMMENDATIONS

That By-law No. 99/2013, a by-law to amend the North Henderson Highway Secondary Plan (By-law 1300/76), be forwarded to Council for First Reading to allow for the East Kildonan-Transcona Community Committee to conduct a Public Hearing.

REASON FOR THE REPORT

The subject property is T-shaped, with frontages on both Henderson and Bonner and access to the existing rear lane north of Strood Ave., and is 79,140 sq. ft. in area. It is currently zoned “R1-L” Residential Single Family district and is located in the River East neighbourhood of the North Kildonan ward.

The applicant intends to develop the subject property to allow for a commercial and multi-family residential development. He intends to build a four storey, 72-unit multi-family building at the rear of the site up against 238 Bonner on a lot 67,077 sq. ft. in area while reserving a portion of its Henderson frontage for new office and/or retail development on a 12,625 sq. ft. lot.

The North Henderson Highway Secondary Plan designates the entire frontage on the east side of Henderson between McIvor Ave. and Bonner Ave. as “Commercial” to a depth of 220 ft. The balance of the site is designated “Low Density Residential”, which limits the site’s density to a maximum of 12 units per acre. Based on a proposed lot area of 67,077 sq. ft., this would limit the development to a maximum of 18 units. Conversely, the plan’s “Medium Density Residential” designation would limit the total number of units to a maximum of 46 (maximum density of 30 units per acre). This development would require a re-designation to “High Density Residential” (no density restrictions) for the proposed multi-family residential lot.

A Secondary Plan by-law requires First Reading at Council and then a Public Hearing at the East Kildonan-Transcona Community Committee prior to Second and Third Reading at Council in accordance with the Development Procedures By-Law (160/11) and Section 234(3) of the City of Winnipeg Charter. It is intended that this public hearing would be conducted in concurrence with the applicant's expected DASZ application.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendation is concurred in, the East Kildonan-Transcona Community Committee will conduct a Public Hearing on the proposed secondary plan amendment.

HISTORY

Henderson Highway is designated as a "Regional Mixed Use Corridor" in the Complete Communities Direction Strategy. While corridors such as Henderson serve as major transportation routes, they serve the additional purpose of accommodating a mix of uses, functioning as vibrant urban places for Winnipeggers to live, work, and play. By offering high frequency and direct transit service to major Centres and the Downtown, Regional Mixed Use Corridors have sufficient opportunities to support long-term expansion through comprehensively planned intensification. Supporting Direction and Enabling Strategies include:

- Focus a broad mix of residential, employment, and retail development within strategic locations along corridors.
- Promote the highest levels of intensification at significant intersections. Between each centre, lower intensities of commercial, residential, and mixed use development are appropriate.
- Where appropriate, develop corridors in accordance with transit-oriented development principles.

There have been a number of amendments to the North Henderson Highway Secondary Plan to allow for low-to-medium multi-family residential developments in Low Density Residential areas (max. density 12 units/acre) since the plan came into effect in 1977. These include:

Address	By-law no.	New designation	New max. density (u/a)
1900 Henderson	2274/79	Low Density Res	12.54
1820-50 Henderson	5048/88	High Density Res	No max. density
1970 Henderson	5220/89	High Density Res	No max. density
1950 Henderson	6682/95	Medium Density Res	30
2090 Henderson	136/2012	Medium Density Res	30
1745 Henderson	3/2013	High Density Res	No max. density

On September 25, 2013, Council received the Local Area Planning Initiatives report for 2013-14 as information. The intent of this report was to inform Council as to the Urban Planning Division's Local Area Planning endeavours over the last 12 months and to outline current initiatives for the coming year. This report identifies a need to review a number of older, existing secondary plans for compliance with OurWinnipeg and the Complete Communities Direction Strategy. The North Henderson Highway Secondary Plan was listed among these plans.
