RECOMMENDATIONS

1. That the proposed street opening as shown on Misc. Plan No. 14576 be approved.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street opening in accordance with Misc. Plan No.14576.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane openings not previously approved by Council require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental or human resource implications associated with the recommendations.

All costs associated with the street opening are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received an application from Winnipeg Environmental Remediations Incorporated, representing Treadmark Properties Ltd., to open the portion of Inksbrook Drive so identified on the attached copy of Misc. Plan No. 14576.

The proposed opening is City property (Block 4, Plan 34286 WLTO) comprising a 0.3m wide control strip along the north side of Inksbrook Drive originally created by subdivision and rezoning application DASZ 56/1985. The control strip serves as a reminder to recover from the owner of the adjoining privately owned land a proportionate share of the cost of services installed and improvements made by the original developer to the adjoining public street.

The applicant has applied for the issuance of building permits for the development of their property as a Fountain Tire retail/commercial facility. Access to this property from Brookside Boulevard will not be permitted. Current access to the site is from Inksbrook Drive over the City owned control strip. In order to regularize the trespass and satisfy zoning and permit requirements, the control strip must be opened as public street.

The applicant has fully paid the required control strip servicing costs to the Land Development Branch.
