THE CITY OF WINNIPEG

BY-LAW NO. 139/2013

A By-law of THE CITY OF WINNIPEG to amend the Sewer By-law and the Water Works By-law

THE CITY OF WINNIPEG, in Council assembled, enacts as follows:

Waterworks By-law amended

1 The Water Works By-law No. 504/73 is amended by

(a) adding the following immediately after section 67:

SAFETY WATCH REQUIRED

68 Where an excavation in the street is conducted within 3.0 meters of a water feeder main or the aqueduct, the Designated Officer is authorized to require that a safety watch be provided by the City in order to ensure that the work is done safely and does not damage or undermine the City's infrastructure. The fee is the product of the number of hours needed to conduct the safety watch multiplied by the hourly rate established by Council.

(b) replacing Schedule B with the document appended as Schedule A to this By-law.

Sewer By-law amended

2 The Sewer By-law No. 92/2010 is amended

(a) in subsection 2(1), by adding "*for water not supplied by the City being discharged to the land drainage system*" at the end of the definition "*well water discharge rate*";

(b) by replacing section 30 with the following:

Temporary above-ground wastewater disposal permit required
30(1) *The owner or occupant of property must not allow to be disposed of overland to the land drainage or wastewater systems unless a designated employee has, in accordance with Section 9, issued a permit for the disposal.*

30(2) *A designated employee may issue a permit authorizing wastewater to be disposed of overland where the wastewater system is able to accommodate the disposal and where it will not pose a risk to human health or safety, property, or the environment.*

(c) replacing section 61 with the following:

Temporary disposal permit required
61(1) *The owner or occupant of property, other than a single-family or two family property, must not allow land drainage to be disposed of*

overland to the land drainage or wastewater systems unless a designated employee has, in accordance with Section 9, issued a permit for the disposal.

61(2) *A designated employee may issue a permit authorizing land drainage to be disposed of overland where the land drainage system or wastewater system, as the case may be, is able to accommodate the disposal and where it will not pose a risk to human health or safety, property, or the environment.*

(d) by replacing subclause 87(3)(a)(ii) with the following:

(ii) the well water discharge rate multiplied by the amount of water being discharged to the land drainage system from the property;

(e) by replacing subsection 89(1) with the following:

89(1) *Subject to this section, the Director may apply an annual credit in the amount of 30% of the total sewer charges and overstrength wastewater surcharges which exceed $100,000 in the 2013 calendar year and which exceed $150,000 in 2014 and every calendar year thereafter on one or more properties owned or occupied by a business that has:*

(a) earned at least 25% of its gross sales revenue in that calendar year from sales to locations outside the city; and

(b) has been charged more than $100,000 in sewer charges and overstrength wastewater surcharges in 2013, and more than $150,000 in 2014 and every calendar year thereafter, on all its properties.

Coming into force

3 This By-law comes into force on July 1, 2014 except clause 1(b), which comes into force on January 1, 2014.

DONE AND PASSED, this 17th day of December, 2013.
