Dear Ms. Timmins :

REZONING
1019 Pacific Ave.
Lord Selkirk – West Kildonan Community Committee
File No. DAZ 211/03

An application has been received from Klaus Fischer, to amend By-Law No. 6400/94 by rezoning the land shown below from a "M-3" Industrial District to a "M-1" Industrial District to permit the establishment of an "amusement enterprise, indoor" for the operation of an indoor go-cart track.

RELATED FILES: DAV 265/03D

SITE DESCRIPTION:

Site Area:

The total overall site area of the subject property is approximately 1.38 acres.

Existing Land Use and Zoning:

The property in question is currently zoned M-3 Industrial, and contains a single story concrete block building of approximately 12,000 square feet in size.

Surrounding Land Use and Zoning:

North: Alexander Ave., with industrial buildings and uses (M-3).
South: Pacific Ave., CPR rail right-of-way, with industrial buildings and uses (M-3 & M-2).
East: CPR rail right-of-way, with industrial buildings and uses (M-3).
West: Industrial buildings and uses (M-3), then McPhillips St.

DEVELOPMENT DESCRIPTION:

The applicant, Klaus Fischer , proposes to rezone the property in question to "M-1" to permit the establishment of an "amusement enterprise, indoor" for the operation of an indoor go-cart track. "Amusement enterprise, indoor" is a use that is not permitted in a "M-3" district; however, it is a permitted use in a "M-1" Industrial district, and a conditional use in a MP-1 Industrial district. The proposed indoor go-cart track and associated facilities are to be located within the existing single story concrete block building, and the applicant proposes to provide approximately 104 parking spaces in a gravel area on-site (see related variance DAV 265/03D).

PLAN WINNIPEG:

The subject property falls within a designated Industrial Policy Area under Plan Winnipeg which allows for the processing of industrial rezoning applications; thus, the proposed rezoning is in conformance with Plan Winnipeg 2020.

ADMINISTRATIVE COMMENTS:

The proposed zoning designation of "M-1" Industrial and the proposed use is compatible with the surrounding properties. The Planning & Land Use Division has no issues with the proposed rezoning. The applicant has also made an application for variances related to occupation of the existing structure prior to approval of the rezoning, and to permit a gravel parking area without the required asphalt paving and fencing normally required (see related variance DAV 265/03D. The Planning & Land Use Division does have concerns with permitting a gravel parking area,

and has requested that the applicant be required to construct the mandated asphalt paving and fencing.

RECOMMENDATION:

I. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 211/03, attached hereto and dated, May 26, 2003, to a "M-1" Industrial District.

II. That a 10 per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of this time is applied for prior to the expiry of this twenty four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

V. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Yours truly,

C. Knoll
