RECOMMENDATIONS

1. That, the plan of subdivision proposed under File DASZ 36/2013 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "B" for File DASZ 36/2013 dated January 6, 2014 with such minor changes as may be required, and for registration in the Winnipeg Land Titles Office.
2. That, the Winnipeg Zoning By-law No. 200/06 be amended by rezoning the subject land as shown on Schedule "B" for File DASZ 36/2013 dated January 6, 2014 to a "PR1" Parks and Recreation (Neighbourhood) District.
3. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.
4. That in the event the matter is not proceeded with expeditiously and the by-law is not passed within two (2) years after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of the two (2)-year period and Council approves the extension.

8. 10. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

REASON FOR THE REPORT

- The applicant is proposing to subdivide the lot into two lots and rezone Proposed Lot 1 from RMF-S to PR1. Proposed Lot 1 is to then be transferred to the City of Winnipeg for parks purposes.
- It should be noted that the Public Service is recommending that Schedule "B" be accepted as the subdivision and rezoning application. The only change within Schedule "B" is that "Proposed Lot 1" has been eliminated from the PR1 land and the RMF-S lot will now be called "Proposed Lot 1". The reason for this adjustment is to clarify that the land being rezoned to PR1 is intended to be Public Reserve, which would be transferred to the City.
- Subdivisions and rezonings require a Public Hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The Report is being submitted for the Committee's consideration of the development application at the Public Hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, the subject file will be subdivided and rezoned as shown in Schedule B of this report.

HISTORY

DASZ 20/2008, DASZ 33/2008, & DASZ18/2012

- On October 10, 2008, Waterside Development Corporation made concurrent rezoning applications (DASZ 20/08, DASZ 33/08) as the first two phases to permit the establishment of a residential/commercial development of the triangular area of City lands south of Dugald, north of Camiel Sys Street and west of Plessis Road.

- The subject site was included under DASZ 20/2008 and rezoned to RMF-S under that application.
- On October 24, 2012, Council recommended approval of DASZ 18/2012, which rezoned the site immediately north of the subject property to RMF-S and PR1. The Public Service had raised concerns about the park connectivity within that application. Through discussions with the developer for DASZ 18/2012 and the owner of the subject property within this application (i.e. DASZ 36/2013), the Public Service identified steps that would need to be taken by the developer to help ensure adequate park connectivity from the lands included in DASZ 18/2012 through to Camiel Sys Street.
- The most plausible approach was to negotiate access along the undevelopable gas line extending south through the neighbouring private property (i.e. land included within the subject application). The owner of the property included within the subject application indicated a willingness to do so by donating land in exchange for a tax receipt. However, several steps needed to occur including the applicant and developer providing an appraisal for the land to the south in order for that neighbouring property owner to better understand potential benefits of the donation. Work towards concluding the actions necessary and satisfactory to the Public Service in order to ensure that the PR linkage to Camiel Sys Street was undertaken. The subject application has been submitted to help conclude that work.

DASZ 36/2013 – Riel Community Committee – Adjournment, November 4, 2013

- As recommended by the Public Service, the Riel Community Committee adjourned the subject application to the January 13, 2014 Riel Public Meeting.
- The following background information was provided in the Administrative Report with respect to the reason why the Public Service was recommending adjournment.

    1. The applicant is proposing to subdivide the lot into two lots and rezone Proposed Lot 1 from RMF-S to PR1. Proposed Lot 1 is to then be transferred to the City of Winnipeg for parks purposes.
    2. The current owner of Proposed Lot 1 would be willing to transfer that Lot to the City of Winnipeg if Council were to accept the land as a charitable donation. A corresponding report regarding the charitable donation needs to be reviewed and accepted by Council. This report would first be submitted to the Standing Policy Committee on Property and Development, would then travel to Executive Policy Committee and then Council.
    3. At the time the Public Service signed-off on the subject DASZ application for the November 4, 2013 Riel Community Committee Hearing, the Public Service understood that the required steps for the associated charitable donation report for Proposed Lot 1 were concluded and the Public Service was prepared to move a charitable donation report forward to the Standing Policy Committee on Property and Development. However, after the Public Service signed-off on the Public Hearing date for DASZ 36/2013, the owner raised concerns about the original appraisal, which would determine the value of Proposed Lot 1 as the charitable donation amount, and wanted a new appraisal reviewed by the Public Service. The owner last communicated that this new appraisal would be ready for the Public Service to review by October 30, 2013.

4. The Public Service believes that the charitable donation report should first be dealt with before the DASZ is heard. The earliest that the Standing Policy Committee on Property and Development can now review a report regarding the charitable donation is December 3rd, 2013. This means that the earliest Council could make a recommendation on the charitable donation report is December 11th. The next Riel Community Hearing is December 2, 2013.
5. The owner requires the City's acceptance of the land as a donation for the DASZ application. As such, the Public Service recommended adjournment for the subject DASZ application to the January 13, 2014 Riel Community Committee Hearing. This adjournment allows for the potential of the associated charitable donation report to be reviewed, at minimum, by that the Standing Policy Committee on Property and Development and potentially Council before the January 13, 2014 Riel Community Committee Hearing.

- Through November 2013, the Public Service worked with the land owner to come to a conclusion on the appraised value of the land included in the subject report. However, this conclusion was not reached in time for the Public Service to submit a report on the charitable donation for 875 Camiel Sys Street for the December 3, 2013 Standing Policy Committee on Property and Development.
- A report has been submitted by the Public Service entitled: "To Seek Council Approval to Accept a Land Donation – Portion of 875 Camiel Sys Street between De Baets Street and Plessis Road". This report is to be reviewed at the January 14, 2014 Standing Policy Committee on Property and Development meeting, one day later than the Riel Community Committee Public Hearing.
- As the owner and Public Service have reached an agreement on the charitable donation report that will be reviewed a day after the subject DASZ, the Public Service is now comfortable with advancing the subject DASZ.
- As per recommended conditions 6 and 7 of this DASZ, the subdivision needs to be registered in the Winnipeg Land Titles Office (WLTO) for the subdivision and rezoning to come into force and effect. The owner will not likely sign-off on the required mylars for the subdivision and rezoning without the charitable donation being accepted by Council. If the plans are not registered in the WLTO, then this DASZ will not be proceeded with unless an extension is accepted by Council as per recommended condition 4 of this DASZ.

SURROUNDING LAND USES AND ZONING (See Figure 2)

North: A vacant site recently rezoned to RMF-S and PR1 under DASZ 18/2012.

South: Camiel Sys Street abd vacant land zoned RR5.

East: A townhouse development zoned RMF-S.

West: Park land and manufacturing developments zoned M2.

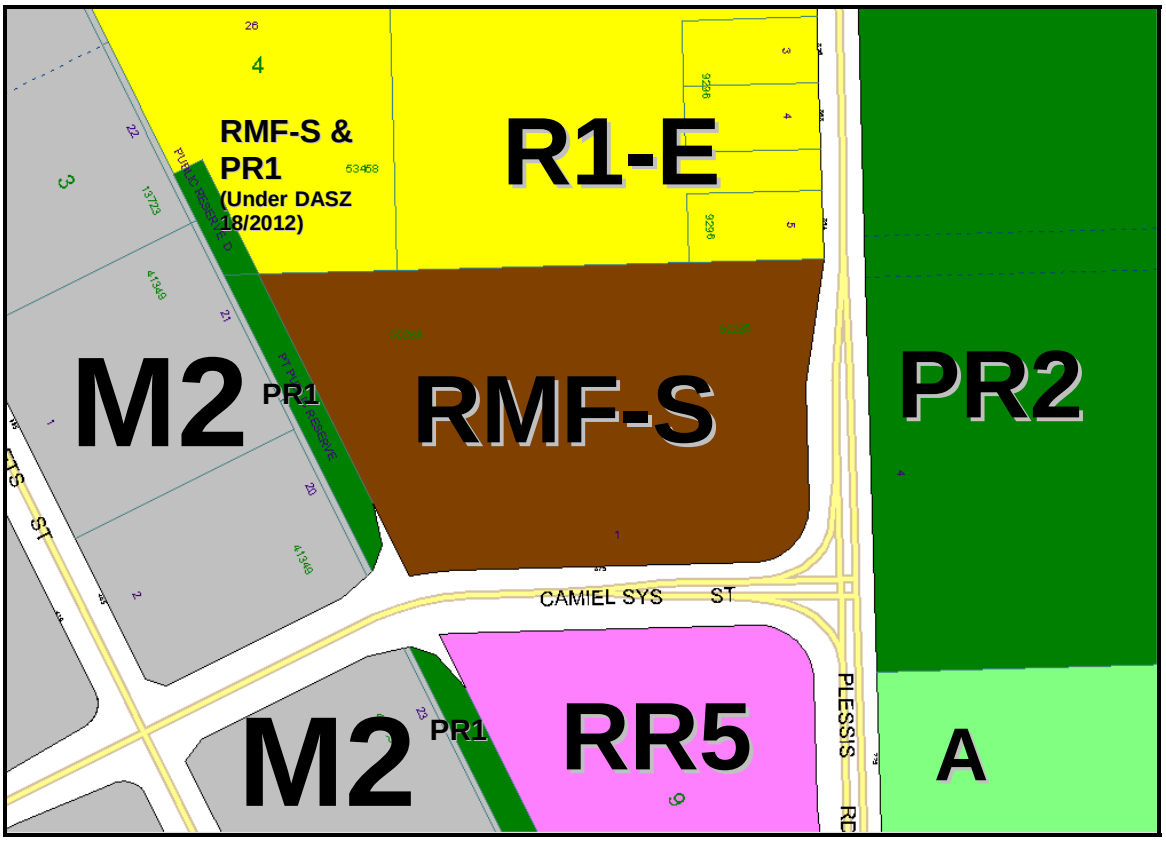

Figure 2: Zoning of the site and surrounding area.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- As briefly discussed in the History section of this report, Proposed Lot 1 of the subject site is being rezoned to PR1 in order to create a park connection from Camiel Sys Street to Shady Shores Drive West.
- The PR1 land will be turned over to the City of Winnipeg for parks purposes.
- An associated report will require Council approval for the City of Winnipeg to accept the PR1 zoned land as a charitable donation.

ZONING

"RMF-S" Residential Multi-Family Small

- The RMF-S zone is intended to accommodate the development of multi-family units in neighbourhoods with medium to high residential densities. The dimensional standards for multi-family structures in the RMF-S zone are: a minimum front yard of 20 feet; a minimum rear yard of 25 feet; a minimum side yard of 4 feet and, a maximum building height of 35 feet. The minimum lot area is 9,000 square feet and the minimum lot area per dwelling unit is 1,250 square feet.

"PR1" Parks and Recreation 1 (Neighbourhood) District

- The PR1 district is intended for sites that are generally passive neighbourhood and community parks and facilities with predominantly pedestrian and cyclist access. These sites may provide unstructured drop-in play and recreation opportunities, including play structures, passive parks, plazas and natural areas. Generally, no parking facilities are associated with these uses. These parks and open spaces typically occur in a residential neighbourhood or riverbank context and are generally accessed by residential streets.

COMPATIBILITY WITH THE SURROUNDING NEIGHBOURHOOD

- The subject application has been anticipated by the Public Service for some time in order to create a north/south park connection between Shady Shores Drive West and Camiel Sys Street.
- The Public Service has worked with both the owners of the property to the north and the subject property to see the subject application come to fruition. This application and the associated report required for a charitable donation (if accepted by Council) will ultimately conclude the steps necessary to create the park linkage between Shady Shores Drive West and Camiel Sys Street.
- It should be noted that the Public Service is recommending that Schedule "B" be accepted as the subdivision and rezoning application. The only change within Schedule "B" is that "Proposed Lot 1" has been eliminated from the PR1 land and the RMF-S lot will now be called "Proposed Lot 1". The reason for this adjustment is to clarify that the land being rezoned to PR1 is intended to be Public Reserve, which would be transferred to the City.

RECOMMENDATION

The Urban Planning Division recommends that **approval** for the following reason:

- Through the subject application and the associated report required for a charitable donation (if accepted by Council), the City will gain the park connection between Shady Shores Drive West and Camiel Sys Street that the Public Service deemed as adequate.
