PROJECT DESCRIPTION – CITY OF WINNIPEG – COMMUNITY INCENTIVE GRANT PROGRAM APPLICATION

The Chai Folk Arts Council Inc. is the governing body of the Sarah Sommer Chai Folk Ensemble (Chai) and is a not for profit charitable organization #118849058RR0001.

Chai is a community based organization which celebrates cultural diversity through public stage performances of song and dance throughout the world, while providing opportunity for volunteerism, education and leadership in a culturally rich environment here at home in Winnipeg.

Chai started in 1964 with only 8 dancers and has grown to be North America's oldest and largest Israeli folk ensemble with 40 dancers, singers and musicians. As we enter our 50th year, we have planned events and concerts which will acknowledge and celebrate the organization's accomplishments and contribution to the arts community, raise the group's visibility and publicly thank everyone for the last 50 years. We will rejuvenate the bond with the past performers, directors and audiences while at the same time engaging new audience members, performers and potential partners.

We are seeking funding towards the 50th anniversary events, culminating on June 10 at the Centennial Concert Hall. The total concert budget is **$114,682** which includes the rental of the Concert Hall and related labour expenses, lighting and sound equipment rental, choreography, musical arrangements, props and sets, video projector rental as well as the printing of a commemorative program book and the production of a professional video on Chai's first 50 years. Quotes or an invoice are attached for several of these items for which we request support through this Community Incentive Grant.

1. A 100-page full colour 8.5x11" soft-cover book will be produced in honour of this milestone 50th anniversary. It will contain a history of the organization, a list of almost 600 alumni who have been involved in the group, the names of the donors who have supported us, bios of the current performers, the international choreographers who have shaped the group and who will be present to see their works performed. This book will be distributed at the concert and will become a keepsake just as the 40th anniversary edition was 10 years ago. The cost to produce this book will be approximately $9,500.

2. We have engaged the professional firm of Lank/Beach Productions to produce a piece on Chai's 50 years that will be shown as an introduction to the June 10th concert. Lank/Beach Productions is an award-winning independent production company dedicated to producing high quality documentaries, television series, television commercials and corporate work. They have attended several of our performances in 2013 to shoot live footage as well as at rehearsals. We are paying a special reduced price of $10,000 for this production.

3. Moving lights (required for dance), power and cables for the Concert Hall stage - $1,921.
