REASON FOR THE REPORT

Encroachment By-law 692/74, General Regulations, 4. (1) d, states:

"Where the encroachment is of an unusual or commercial nature that it be referred to the Director of Land and Development Services of the City for the purpose of negotiating a reasonable rental and making recommendation to the Chief Administrative Officer for subsequent referral to Council."

In this regard, the Planning, Property & Development Department has negotiated Terms and Conditions of an Encroachment Agreement, in favour of the Rural Municipality of West St. Paul.

IMPLICATIONS OF THE RECOMMENDATIONS

The Department has determined that there are no general, policy, regulatory, environmental or human resource implications to entering into an Encroachment Agreement shown on the attached Miscellaneous Plan No. 14636/1.

The Encroachment Agreement will allow the Rural Municipality of West St. Paul to install a wastewater sewer running parallel to Main Street beginning at Fernbank Avenue and ceasing at the North City Limit. This will allow West St. Paul access and utilization of the City's sewer system.

In addition to a one-time administrative fee of $250.00 plus GST, and in accordance with the City of Winnipeg Encroachment Bylaw No. 692/74, a rental fee of $3,937.50 plus GST has been attributed to this agreement.

As a result of shared services agreement(s) previously agreed upon between the Rural Municipality of West St. Paul and the City specifically pertaining to the exchange of goods and services in kind and any/all attributed benefits for the City, the Public Service recommends that the rental and administrative fees associated with the proposed encroachment agreement as contained herein be waived by the City.

HISTORY

An application was submitted to the City's Zoning and Permits Branch by Stantec Consulting on behalf of the Rural Municipality of West St. Paul to develop and maintain a wastewater sewer running parallel with Main Street, beginning at Fernbank Avenue and ending at the north City limit.

The application was circulated to applicable City departments and public utilities for consideration and comments. All comments and concerns have been incorporated into the signed terms and conditions.

The Risk Management Division of Corporate Finance reviewed the insurance requirements for this proposed encroachment and their comments have been incorporated into the terms and conditions.

The Planning, Property and Development Department has negotiated proposed terms and conditions of an Encroachment Agreement in favour of the Rural Municipality of West St. Paul.

This report seeks approval of the Encroachment Agreement as negotiated in the attached Schedule A and subject also to the terms contained herein.
