City of Winnipeg Community Committee

Dear Councilors:

The Manitoba Marathon has been partnered with the City of Winnipeg since 1979, 35 years, in staging this marquee, signature /city/community event.

The recent policy change by the Winnipeg Police Service that they will no longer utilize General Patrol officers for parade escorts or special event traffic control, poses a significant impact on our event. Last year we were notified that our bill could be as much as $20,000. This is a huge amount to our event and represents a fee for a service which has been provided for over 35 years from one of our sponsor partners.

We appreciate the WPS perspective regarding such events, however we feel that special consideration should be given to the Manitoba Marathon due to its history and notoriety.

The historic and extensive 26.2 Mile route through the city captures the most scenic riverside regions of the city. This fact implicates the need of approximately 56 Police officers due to the legal requirement of uniform police officers at controlled intersections that the route passes through. While the Manitoba Marathon utilizes thousands of volunteers in staging the event, there is no opportunity to reduce the number of uniformed police by using volunteers at these locations. We are unique in the fact that we occupy more signal-controlled intersections than any other annual event in the City.

In light of this fact, we are asking for support to offset the cost of Special Duty Officers required by law to maintain safety along the course. We are asking for $1000.00 grant from each councilor/ward in the city.
