4. That the Winnipeg Police Board be advised.

REASON FOR THE REPORT

Council approval is required to enter into the Memorandum of Agreement (MOA) with the Government of Canada.

IMPLICATIONS OF THE RECOMMENDATIONS

In the negotiated MOA, the parties establish a formal mechanism for the exchange of personal information between the Correctional Service of Canada (CSC) and the Winnipeg Police Service (WPS) in order to allow improved and more effective achievement of their respective mandates. It is not expected that this formalization will affect the current good relationship between the CSC and the WPS or disrupt the flow of information needed by both parties to carry out their mandates.

HISTORY

The Privacy Act, R.S.C. 1985, c.P-21, (as amended) provides that a government institution such as the Correctional Service of Canada (CSC) may, under an agreement, disclose personal information to an institution of the government of a province, such as a police agency, for the purpose of administering or enforcing any law or carrying out a lawful investigation.

The MOA outlines a formal process that enables the exchange of personal information between CSC and the Winnipeg Police Service (WPS), including the use of information communicated and the information to be exchanged. Requests for information will be made in writing and forwarded to the designated employee of the other party, setting out the specific personal information requested and the purpose for which the information is being requested.

Upon provision by the WPS of information of name, date of birth, and the Finger Print Section (FPS) number of a federal offender, the CSC will provide a copy of any record to each such individual where a record of federal sentencing exists, the sentence status of the individual, known contacts or any other information as requested.

When CSC provides the WPS the information of name, date of birth, FPS number of a federal offender and related police case number, the Service will provide a summary description of the offence, and the offender's criminal history, or provide a copy of any record to CSC with respect to each such offender where a record of investigation, charge or conviction exists, including the provision of police reports to Crown Counsel and other information as requested.

The MOA states that neither party will use the information unless for the purpose which is specifically authorized herein or by law. The use of information is outlined as follows:

The information communicated by CSC to the WPS will only be used:

a. For the purpose of enforcing any law in Canada, provincial or municipal laws of the Province of Manitoba and the laws of any other jurisdiction, or carrying out or assisting in a lawful investigation or intelligence operation;

b. For the purpose of complying with a treaty, arrangement or agreement made under the enactment of Canada or the Province of Manitoba.

The information communicated by the WPS to CSC will only be used:

a. For the purpose of enforcing and administering the *Corrections and Conditional Release Act*; or

b. To carry out or assist in a lawful investigation or intelligence operation; or

c. For the purpose of complying with a treaty, arrangement or agreement made under an enactment of Canada or the Province of Manitoba.

Nothing in the MOA limits or contradicts the obligations of CSC to disclose information to the WPS and to the Parole Board of Canada or another party pursuant to the *Corrections and Conditional Release Act.*

Nothing in the MOA limits or contradicts any obligations of the parties to withhold information pursuant to a statute of Canada or the Province of Manitoba.

Nothing in the MOA limits or contradicts any obligations of the WPS to withhold information if disclosure could be harmful to individual or public safety, or law enforcement matters or legal proceedings.

While the duration of the MOA is open-ended, either party may terminate by providing three (3) months written notice to that effect to the other participant.

No financial responsibilities are imposed, except that each participant will be responsible for the funding costs it incurs in its own interest, related to the support of the MOA.
