REASON FOR THE REPORT

As part of the Canada Summer Games Bid to Host process, a capital legacy project is required to be identified for the upcoming 2017 Games.

The 2014 Council approved Capital Budget includes a 2017 Canada Summer Games capital program of $3 Million to be advanced over a 4 year period (2014-17) and which also requires the identification of a legacy project or projects that are agreeable to the City.

On April 14th, 2014, the Standing Policy Committee on Protection and Community Services requested that the Winnipeg Public Service report back within 60 days on recommended options for a "major legacy" project related to the 2017 Canada Summer Games funding, specifically including consideration of the Sport Manitoba Sport for Life Centre expansion project as part of this report.

In addition, certain other Canada Games-related matters need to be approved by Council in order to finalize the City's financial and in-kind commitment to the games; namely:

- approval of a contribution of in-kind services by the City
- authorization to enter into a funding agreement with the 2017 Host Society outlining the terms and conditions of the City's financial and in-kind contribution
- authorization to enter into a shared indemnification agreement with the Province of Manitoba, in accordance with the March 20, 2013 decision of Council "Contribution to Host the 2017 Canada Summer Games in Winnipeg".

IMPLICATIONS OF THE RECOMMENDATIONS

The Canada Games Council (CGC) is the franchise holder for the Canada Games and operates under mandate approved by the Federal, Provincial and Territorial Governments. The Council is responsible for setting hosting and venue standards and ensuring that each Games meets or exceeds standards. The Games Council standards require the identification of a major capital development project that acknowledges the part played by the Games in constructing or redeveloping such a facility. The branded facility is a venue built to host one or more of the sports within the games.

The Public Service has reviewed the proposed venue plan and after such due consideration, it is recommended that Council approve the Sport for Life Centre (to be renamed the *Canada Games Sport for Life Centre*) as the capital legacy project for the 2017 Canada Summer Games. The Sport for Life Centre has been identified as the wrestling venue and is also being considered as a potential venue for additional sports.

As such, it is recommended that up to $1 Million of the City of Winnipeg's 2017 Canada Summer Games $3 Million capital contribution be earmarked toward the development of the

Sport for Life Centre Fieldhouse conditional upon an equal capital contribution of up to $1 Million from both the Federal and Provincial governments.

In addition, the City has received a request for a contribution of in-kind services not to exceed a value of $1,294,500. Economic Development Winnipeg Inc. has agreed to provide a grant of $600,000 from the Special Event Tourism Fund to be applied toward the cost of such in-kind services, with the balance of $694,500 to be provided by the City. The 2017 Host Society will be required to submit a detailed request for City services for the approval of the Chief Financial Officer. Any additional City services exceeding the in-kind contribution to be provided by the City shall be paid for by the 2017 Host Society.

HISTORY

Winnipeg was awarded the 2017 Canada Summer Games in the spring of 2013. The Games are the largest sporting event of its kind in Canada, with approximately 5,000 athletes expected to compete in 17 sports over a two-week period in July/August of 2017. The Games are projected to attract over 30,000 games families and visitors, with an economic impact of over $160 Million.

The approved Winnipeg Bid included a $26.5 Million operating budget and a $24 Million Capital budget. Included in the $24 Million Capital Budget is $18 Million relating to the Sport for Life Centre Phase II Fieldhouse Improvements (identified as the potential capital legacy project) funded by $6 Million from the Province of Manitoba and planned private funding of $9 Million; leaving a shortfall of $3 Million being requested equally from each level of government.

The City of Winnipeg 2014 Operating and Capital Budget approved by Council includes a $3 Million capital contribution towards the 2017 Canada games to be advanced over a four- year period ($750,000 per year from 2014-2017) for the purposes of an equally shared indemnification agreement with the Province of Manitoba, a facilities upgrade program, and a legacy project or projects, that are agreeable to the City.

The Sport for Life Centre is a unique and advanced resource that offers new opportunities to our City and Province and improves access to sport and training across Manitoba. The Centre will include an 80,000 square foot field house that will provide seamless transition between training, coaching, testing, and therapy. The field house will feature an indoor running surface, sprint track, multi-sport space, strength and conditioning areas, aerobic training space, multi-use court space and plyometric training and testing.

Criteria that guide the Capital program include the following:

1. Meet Canada Games Hosting Standards (set by the relevant National Sport Organization)
2. Support relevant Provincial Sport Organization's sport facility development objectives
3. Meet objective of an Athlete-centred Games
4. Assist in future hosting opportunities (including those through the relevant National Sport Organization)
5. Venues that have hosted similar events previously
6. Cost sharing for permanent improvement

The provision of in-kind services by the City up to a maximum value of $1,294,500, of which $600,000 is funded by Economic Development Winnipeg's Special Event Tourism Fund and the balance of $694,500 by the City.
