ADMINISTRATIVE REPORT

Title: SPA 1/2014 – Secondary Plan Amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* (By-law 140/2007)

Critical Path: Riel Community Committee – Standing Policy Committee on Property and Development – Executive Policy Committee – Council as per the *Development Procedures By-law* and *The City of Winnipeg Charter*.

RECOMMENDATIONS

1. That By-law No. 39/2014, an amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* (By-law 140/2007), be forwarded to Council for second and third readings.

2. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Ladco Company Limited ("Ladco"), has requested an amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* ("Plan") a City secondary plan, that will allow residential development on its land northwest of Waverley Street and John Angus Drive which the Plan designates "secondary commercial".

While the intent expressed in the Plan implies some flexibility in land use at this location (adjacent to Node 1), there are clear policies that direct development toward commercial. Ladco has indicated that changing market conditions favour multi-family residential, rather than commercial, at this location. The applicant has provided a revised Land Use Concept map (attached), and has requested text changes to the Plan to remove the references to the secondary commercial site.

IMPLICATIONS OF THE RECOMMENDATIONS

- If the recommendations of the Urban Planning Division are concurred in, it will enable the rezoning of the land for multi-family residential (per DAZ 202/14).

HISTORY

On July 26, 2006, Council passed By-Law No.10/2006, The Waverley West Area Structure Plan By-law. Section 13.0, Neighbourhood Area Structure Plan, requires the implementation of the WWASP through the Neighbourhood Area Structure Plans and outlines the basic composition for the Neighbourhood Area Structure Plans.

On November 21, 2007, Council adopted the area structure plan for the Southeast Neighbourhood of Waverley West as By-law 140/2007.

On January 28, 2014, Ladco applied to amend the Plan to remove the secondary commercial designation from its land northwest of Waverley Street and John Angus Drive.

On April 30, 2014, Council gave first reading to By-law No. 39/2014 to amend the Waverley West Southeast Neighbourhood Area Structure Plan.

SUBJECT: To amend the Waverley West Southeast Neighbourhood Area Structure Plan By-law No. 140/2007 by deleting the secondary commercial site northwest of Waverley Street and John Angus Drive from the map, and all references to it in the text.

LOCATION: South Pointe Neighbourhood

APPLICANT: Michael Curruthers (Ladco Company Ltd.)

OWNERS: as above

RECOMMENDATION: Approval

THE AREA

- The area covered by the *Waverley West Southeast Neighbourhood Area Structure Plan* is currently known as the South Pointe Neighbourhood and is located in the St. Norbert Ward.
- The total land area is approximately 200 hectares (495 acres).
- The neighbourhood is zoned single and multi-family residential with some commercial and parks and recreation parcels in accordance with the Land Use Concept plan.
- The affected parcel of land is approximately seven acres situated at the northwest corner of Waverley Street and John Angus Drive.
  North: place of worship
  South: park
  East: single-family homes
  West: single-family homes

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- Ladco Company Ltd. is applying to amend the Neighbourhood Area Structure Plan by deleting the secondary commercial site northwest of Waverley Street and John Angus Drive from the map.
- Through the accompanying rezoning (DAZ 202/14), the site is intended to be developed for multi-family residential, in response to increased demand.

ANALYSIS AND ISSUES

COMPLETE COMMUNITIES DIRECTION STRATEGY

- Under the Complete Communities Direction Strategy the subject area is a Recent Community. The key relevant policy guiding development is:
    - *Within recent communities, intense and diverse development will be encouraged in centres and corridors.*
- The affected site is along Waverley Street, which is a major corridor.

AREA STRUCTURE PLAN

- Although the subject application is consistent with the Neighbourhood Node 1 policies and parts of the existing Secondary Commercial polices of the Area Structure Plan, policy 5.5.1(1) requires “local commercial to be the predominant land use” in the Secondary Commercial area. Even though multi-family is permitted in the Secondary Commercial area under Policy 5.5.1(2), it is not possible for local commercial to be the predominant land use under the subject DAZ because the entire site is being rezoned to RMF-M and the RMF districts do not permit any commercial uses.
- If the Secondary Commercial site and any references to it are removed from the Waverley West Southeast Neighbourhood Area Structure Plan under SPA 1/2014, the subject rezoning would be fully consistent with the Plan as multi-family residential is permitted under 5.3.1(1)(i) for Neighbourhood Nodes.

ZONING

- The affected site is currently zoned “C2” Commercial, but is proposed to be rezoned to “RMF-M” per DAZ 202/14.

RECOMMENDATION

The Winnipeg Public Service supports the amendment to the *Waverley West Southeast Neighbourhood Area Structure Plan* Land Use Concept map:

- The proposed amendment is consistent with the general intent for Neighbourhood Nodes under the Area Structure Plan.
- Multi-family residential is a suitable land use for this location, given that this is a large site on a major corridor.

- The proposed amendment is responsive to market conditions and will facilitate development of vacant serviced site.
