REASON FOR THE REPORT

Approval is required to enter into the Service Agreement with Manitoba Public Insurance Corporation.

IMPLICATIONS OF THE RECOMMENDATIONS

Manitoba Public Insurance Corporation will fund the WPS officers required to establish the April 2014 Distracted Driving Enforcement Campaign. There is a possibility that some cost will be incurred by the WPS for this program.

HISTORY

In 2009 Manitoba Public Insurance, in consultation with Manitoba Law Enforcement agencies established the "Manitoba Awareness and Enforcement Integrated Calendar". This calendar, among other things identifies key enforcement/education campaigns throughout the year. In some instances Manitoba Public Insurance funds enforcement activities that support these campaigns. The month of April is designated as a "Distracted Driving" month on this calendar.

An Agreement has been drafted to address the respective obligations of Manitoba Public Insurance and the Winnipeg Police Service for the April 2014 Distracted Driving Enforcement Campaign.

The term of the Agreement commenced on April 1, 2014 and continues until and including May 31, 2014.

During the term of the Agreement, the WPS will:

(a) assign four off-duty police officers to perform the enforcement work described above for twenty-five days during the Term. Shifts for these officers will be from 7:00 a.m. to 5:00 p.m.;

(b) during each of the twenty-three (23) days and during the same shift times as described in (a) above, assign a minimum additional two on-duty police officers to perform the enforcement work; and

(c) during the remaining seven (7) days of the Term (being April 2, 11, 16, 18, 21, 25 and 30) assign four (4) on-duty police officers to perform the enforcement work.

Enforcement activity will be conducted as follows:

(a) in or at specific locations in Winnipeg set up by WPS, where a "spotter" will observe oncoming traffic for infractions, and notify the "interceptor" ahead who will be in a position to stop the offender and take enforcement action;

(b) through the use of roaming officers in unmarked and marked WPS vehicles throughout Winnipeg, to allow for overt and covert enforcement operation; and

(c) through the use of targeted “choke point” locations throughout Winnipeg.

Manitoba Public Insurance and the City, through WPS, each wish to increase public awareness of the risks and consequences of distracted driving and deter the use of hand-operated electronic devices while driving, by increasing the likelihood of being apprehended for these offences.

The parties believe that public awareness campaigns are most effective in influencing driver behavior when combined with visible enforcement and that enforcement of traffic laws is most effective in deterring unsafe or illegal driving behavior when publicized and highly visible.
