WHEREAS the Building Canada Fund is crucial to municipalities across Canada with regards to addressing infrastructure deficits;

AND WHEREAS the new Building Canada Fund program will be announced shortly and rolled out to municipalities across Canada;

AND WHEREAS in the past the concept of a one-third funding share has been the basis of these tripartite programs;

AND WHEREAS in actual practice, Municipalities across Canada do not receive two-thirds of the cost covered by the Province and the Government of Canada and due to eligibility rules around the program, Municipalities pick up more than the one-third of the cost of a capital project;

AND WHEREAS much of the ineligible work is crucial to a capital project being undertaken;

AND WHEREAS it is best practice, as identified by the Public Works Department, to do due diligence and the design work in advance which makes such costs ineligible according to Building Canada Fund rules;

THEREFORE BE IT RESOLVED that the City of Winnipeg call on the Government of Canada to amend its Building Canada Fund eligibility criteria so that it truly becomes a one-third funding share program to recover the cost of selected capital projects;
