Request for Vacant LOT – for Stay and PlayHOUSE on Selkirk Ave. West of 677 Selkirk Ave. Spanish Club

August 18, 2014

Hi Ross,

Thank you for helping us secure a vacant lot on Selkirk Avenue for our Stay and PlayHOUSE for Babies to 5 and their caregivers. The double lot next door to the Spanish Club is definitely a good fit for us.

Our North End families with very young children (babies to 5 year olds) from the neighbourhoods of St. John's and William Whyte are so excited that we have heard their wishes and that we are moving towards a permanent Stay and PlayHOUSE. We have been in dingy spaces with no light for far too long.

Stay and Play is under the auspices of a registered non profit charitable organization called Women Healing for Change Inc.

Our Stay and Play advisory committee is a group of Aboriginals and Non Aboriginals working together on the Stay and PlayHOUSE.

Our goal for opening the newly built Stay and PlayHOUSE is December 2015. The Play HOUSE will be 1600 ft. on the main level and another 800 sq. ft 2nd level with the rest of the lot turned into a Natural playground. We need to follow all the safety regulations needed to accommodate 4 babies under 2 years old and a space for up to 16 preschoolers. We have to follow child care guidelines so that we quality for some government grants and operating monies. The babies to 5 year olds attending are always accompanied by their caregivers or parents.

Stay and Play families and their very young children babies to 5 is a Parent Child Hub.

Picture Stay and Play... community driven and grassroots... families and their very young children babies to 5 playing and learning together.... Moms had no place to go in their neighbourhoods after Healthy Baby. Healthy Baby ends when the baby is one year old.

North End Stay and Play fills part of the gap in early childhood services. Currently every Wednesday we transform a dance studio at 591 Pritchard Ave. at McGregor into a diverse and play based learning environment for the children and their families. The Stay and Play team includes outreach workers, facilitators with strong early childhood education backgrounds, volunteers (retired teachers)....aboriginals and non aboriginals working together. We make sure that our "eyes light up" when an average of 15 kids and 8 caregivers/parents arrive every week. Stay and Play is: TRUE problem based Play, imaginative play, ride on toys, field trips once a month, Lots of great children's books and story time, movement with Sports MB Fit Kids,

Healthy Kids team, Art, Field Trips once a month to broaden horizons (Children and Families seldom leave their neighbourhood), healthy snacks, opportunities for the parents to build relationships/friendships to decrease their isolation and maintain good mental health, learning the importance of attaching to their child, positive parenting is infused each week. We are building up children and parents - one parent and one child at a time.

A number of us have been involved in Tots and Families programs in the North End for almost 7 years.

North End Stay and Play for babies to 5 and their Caregivers is unique. It is year round. Other North End early years programs have lasted only 6-8 weeks and have come and gone. Change takes longer than that. We have 2 part time Aboriginal Outreach workers who are parents from the North End. We have mentored them. They are the key to our success. They build strong trusting relationships with the families. Families can identify with them. They keep the families with young children coming back. Moms dream of being in their shoes.

City of Winnipeg's support would be greatly appreciated. So far we have a good sized contingent of supporters. One of our biggest supporters is the carpenter's union who have committed to providing a great deal of the labour for the Stay and PlayHOUSE building.

We will be having a fundraiser on National Children's day Friday Nov. 21st.

Sincerely,

Gerrie Prymak
