RECOMMENDATIONS

1. That Council give first reading to By-law No. XX/2014, which proposes to amend the *Osborne Village Neighbourhood Plan By-Law No. 220/06*.

2. That the City Centre Community Committee conduct a public hearing respecting the proposed by-law and submit its report respecting the proposed by-law to Council.

3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Because the Osborne Village Neighbourhood Plan and the draft Corydon-Osborne Area Plan include overlapping land, it is recommended that those lands be removed from the Osborne Village Neighbourhood Plan. The intent has always been that the newer Corydon-Osborne Area Plan, which includes transit-oriented development principles, would replace the older policies for the Osborne Station area in the Osborne Village Neighbourhood Plan. This amendment will ensure we do not have conflicting secondary plan policies for these areas. The amending by-law proposes to update all the maps and delete text references to the areas being removed.

A Secondary Plan by-law requires First Reading at Council and then a Public Hearing prior to Second and Third Reading at Council in accordance with the Development Procedures By-Law (5893/92) and Section 234(3) of the City of Winnipeg Charter.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendation is concurred in, the City Centre Community Committee will conduct a public hearing on the proposed secondary plan.
