1. That Council receive as information the "*OurWinnipeg Report to the Community, 2014*" as outlined in "Attachment A".
2. That Council receive as information the updated Urban Structure map and Employment Lands Map, as Outlined in "Attachment C" and "Attachment D".

REASON FOR THE REPORT

This report fulfills condition 3 of the *OurWinnipeg* approval letter from the Minister of Local Government (now Municipal Government), dated June 23, 2011 that the City is to provide an annual update on *OurWinnipeg.*

This report fulfills the Executive Policy Committee (EPC) resolution, dated July 2, 2014, where the "Executive Policy Committee referred the matter back to the Winnipeg Public Service for further report to its meeting on September 10, 2014, and requested that major initiatives that have not been captured in the report be included."

IMPLICATIONS OF THE RECOMMENDATIONS

Following Council's receipt of the *OurWinnipeg Report to the Community* as information, the report will be submitted to the Minister Responsible for the City of Winnipeg.

Additionally, the urban structure map (figure 02a, on page 11 of *Complete Communities*) and Employment Lands map (figure 05b, on page 95 of *Complete Communities*) will be replaced with "Attachment C" and "Attachment D" respectively. In addition, any other relevant maps (figure 03a, figure 03g and figure 03h) will be updated accordingly. These changes to the Urban Structure and Employment Lands map are further explained in "Attachment B".

DISCUSSION

On July 22, 2011 City Council gave third reading to *OurWinnipeg,* the City's new development plan. The plan officially came into force and effect on August 17, 2011 replacing *Plan Winnipeg 2020 Vision*. *OurWinnipeg* sets out the goals, policies and guidelines intended to direct all physical, social, environmental and economic development now and into the future.

The *OurWinnipeg Report to the Community, 2014* is the third annual report on *OurWinnipeg*. It provides high level highlights of activities over the last 12 months connected to key policy directions outlined in *OurWinnipeg*.

The report contains 19 sections, each representing a key *OurWinnipeg* policy area. Each section of the report begins with a high level introduction, followed by the four components:

- Policy Direction – Provides an overview of *OurWinnipeg* policy direction and other relevant policies;
- Recent City and Community Activities – Provides relevant highlights from the previous year;
- Tracking Progress – Provides a high level overview of how this area has changed over the last year and the accumulated result of activities in this area.
- Web links and photos

The *OurWinnipeg Report to the Community* was coordinated by the Urban Planning Division, with considerable support, input and contribution from across the organization.

This report satisfies our commitment to report on plan performance, demonstrating both transparency and accountability.

The report also satisfies our commitment to updating the urban structure map on an annual basis based on actual changes "on the ground", which will keep it current and ensure that it contributes to the overall *OurWinnipeg* vision and directions.
