RECOMMENDATIONS

1. That the proposed terms and conditions attached as Schedule "A" for a Lease Agreement in favour of Alhijra Islamic Foundation Inc. (hereinafter referred to as the "Lessee") for the purpose of operating an Islamic school encompassing Kindergarten through Grade 9 and identified as "Proposed Leased Area" on Misc. 4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

In accordance with the Council Order of July 18, 1979, the Standing Policy Committee on Property and Development shall authorize the leasing or rental of City property for which the Director of Planning, Property and Development has no authority.

In this regard, the Planning, Property and Development has negotiated the proposed terms and conditions of a Lease Agreement as set out in attached Schedule A in favour of Alhijra Islamic Foundation Inc. for the of use City-owned lands and building located at 410 Desalaberry Avenue and identified as "Proposed Lease Area" on attached Miscellaneous. Plan No. 11376/4.

IMPLICATIONS OF THE RECOMMENDATIONS

The Department has determined that there are no general, policy, regulatory, environmental or human resource implications to entering into a Lease Agreement shown on the attached Miscellaneous Plans No. 11376/4.

The proposed lease is for a term of twenty-five (25) years with an extension option of twenty-five (25) years. This was sought by the Alhijra Islamic Foundation Inc. for the purposes of enhancing the long-term viability of the facility within the community.

As per the direction of the City's Risk Management Branch, under the terms of the new lease Alhijra Islamic Foundation Inc. will be responsible for the costs of insuring not only its occupation of the building and surrounding property but also for insuring the building itself. This is being made common practice when a building is occupied by one Tenant.

Concerns were raised by the Urban Design Division regarding any future developments and the possible effects on the riverbank, in both its stability and also how additional development could affect access to the lower portions of the bank for future maintenance. It was agreed that these concerns would best receive individualized attention and oversight through the permit application process should any future developments on the site proceed.

HISTORY

Aljira Islamic Foundation Inc. founded Alhjira Islamic School in 1996.

In 2004, the City entered into a lease with the Alhijra Islamic Foundation Inc. for the City owned lands at 410 Desalaberry Avenue, of which the school is still located at present. This lease is still currently in place.

The Tenant has invested over $800,000.00 into the property since entering into the lease on items such as roof replacement, installation of a fire suppression system, replacement of the heating system as well as flooring throughout the building, and the augmentation of the facility to allow for the construction of two (2) additional classrooms.

The school has an enrollment of two hundred and thirty (230) children from Kindergarten to Grade 9.

The Tenant inquired as to the possibility of negotiating a lease equipped with a much longer term in the hopes of securing funding for future projects, namely a gymnasium.

The application was circulated to applicable City departments and public utilities for consideration and comments. All comments and concerns have been incorporated into the signed terms and conditions.

The Risk Management Division of Corporate Finance reviewed the insurance requirements for this proposed lease and their comments have been incorporated into the terms and conditions.

The Planning, Property and Development Department has negotiated proposed terms and conditions of a Lease Agreement in favour of Alhijra Islamic Foundation Inc.

This report seeks approval of the Proposed Lease Agreement as negotiated.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Alhijra Islamic Foundation Inc.

Report on the Operating Fund Financial Statements

We have audited the accompanying operating fund financial statements (the "financial statements") of Alhijra Islamic Foundation Inc., which comprise the operating fund balance sheet as at June 30, 2013 and the operating fund statements of revenue and expenditures and surplus (deficit) for the year then ended, and a summary of significant accounting policies and other explanatory information. The financial statements have been prepared by management in accordance with accepted accounting principles for independent schools in Manitoba as disclosed in Note 2 (a) to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accepted accounting principles for independent schools in Manitoba, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with many charitable organizations, the organization derives revenue from donations which are not susceptible to complete audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary to donations revenue, current year surplus (deficit) and accumulated surplus (deficit).

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the operating fund financial statements present fairly, in all material respects, the financial position of Alhijra Islamic Foundation Inc. as at June 30, 2013, and the results of its operations for the year then ended in accordance with accepted accounting principles for independent schools in Manitoba.

Basis of Accounting and Restriction on Distribution and Use

The operating fund financial statements, which have been prepared in accordance with accepted accounting principles for independent schools in Manitoba as disclosed in Note 2 (a) to the financial statements, are prepared solely for the information and use of the Directors of Alhijra Islamic Foundation Inc. and the Province of Manitoba to comply with the reporting requirements of the Province of Manitoba. As a result, the operating fund financial statements may not be suitable for another purpose. Our report thereon is intended solely for use by the Directors of Alhijra Islamic Foundation Inc. and the Province of Manitoba and should not be distributed to or used by any other parties.

Other Matter

Alhijra Islamic Foundation Inc. has prepared a separate set of general purpose financial statements as at June 30, 2013 and for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations on which we issued a separate audit report to the Board of Directors also dated October 30, 2013.

Instructions for the Completion of 2012/13 Financial Statements

The Audited Financial Statements are required for the operating fund only, and are to include only financial information related directly to the independent school being funded.

Operating Fund – Statement of Revenues and Expenditures
Department of Education

reported including the Canopy deduction, and the amount receivable that was paid in July following the year end. The Canopy deduction is to be recorded as an expenditure, object 740.

If the grant for the year is greater than the allowable expenditures for Instruction and Services as calculated on page 8, then the revenue recorded on page 5 and the receivable from the Province of Manitoba shown on the balance sheet must be shown reduced by the amount that the grant exceeds the allowable expenditures.

Special Education Services Grant
Includes the total of Level 2, Level 3 Grants for the current fiscal year. If the total grant for the year is greater than the allowable expenditures for Special Education Services as calculated on page 8, then the revenue recorded on page 5 and the receivable from the Province of Manitoba shown on the balance sheet must be shown reduced by the amount that the grant exceeds the allowable expenditures.

A one-time adjustment may be required to correct the amount of receivable and the deferred revenue on the balance sheet. This may also require an adjustment on the Statement of Surplus/(Deficit).
These amounts must agree to the final Support Calculation.

Provincial Government - Other Support
Include any other support received from the Province of Manitoba, and provide an appropriate description.

Federal Government - French Language Grant
Include any support received for the grant here.

School Fees - Parental

Expenditure Reporting

With the implementation of Independent Schools FRAME Report it is imperative that reporting of expenditures be prepared on the basis of generally accepted accounting principles and in accordance with the FRAME system established by the Department for use by funded independent schools.

Please refer to the Independent Schools FRAME Manual for expenditure reporting standards. The FRAME system provides a consistent structure for classifying school expenditures, however, it is recognized certain aspects of the FRAME system may be subject to some interpretation. In this regard, please consult the Independent Schools Accountant at the Schools' Finance Branch to resolve such matters.

Statement of Allowable Expenditures

The calculation of allowable expenditures must be completed by the school in accordance with the instructions, and any resulting reduction in grants is to be reflected in the current year financial statements through a decrease in appropriate revenues and a corresponding decrease in the receivable from the Province of Manitoba.

Full Time Equivalent Personnel Employed

In order to complete this form correctly, employee actual time worked is to be converted into full year equivalents, rounded to two decimal places. For example, a secretary working three-quarter time all year is to be reported as 0.75 FTE.

Alhijra Islamic School

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2013

. **Organization**

Alhijra Islamic Foundation Inc. is a non-profit organization incorporated under the laws of Manitoba as a corporation without share capital that operates as a private school to supply the Muslim community with faith based education. The organization is a registered charity under The Income Tax Act (Canada) and is, therefore, exempt from income taxes.

2. **Summary of significant accounting policies**

a) Basis of accounting

These operating fund financial statements are prepared in accordance with accepted accounting principles for independent schools in Manitoba as prescribed by the Province of Manitoba.

b) Operating fund

Revenue and expenses relating to program delivery and administrative activities are reported in the operating fund.

c) Revenue recognition

The organization follows the deferral method of accounting for contributions. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable and collection is reasonably assured.

Grant revenues are typically restricted for expenditures relating to a particular school year and are therefore recognized in the year in which the funding relates to the extent the related expenditures are incurred.

School fees are recognized when received or receivable in the year the services are provided and collection is reasonably assured.

d) Contributed services and materials

The organization receives volunteer assistance in carrying out its service delivery activities. The contributed services are not recognized in the financial statements due to difficulties associated with the determination of fair value. Contributed materials used in the normal course of operations that would otherwise be purchased are recognized in the financial statements at fair value when fair value can be reasonably estimated, otherwise no amounts are recognized.

The organization has a lease with payment terms that may be less than fair value. The excess value, if any, is not recognized in the financial statements due to difficulties associated with the determination of fair value.

e) Financial instruments

Measurement

The organization initially measures its financial assets and liabilities at fair value. The organization subsequently measures its financial assets and liabilities at cost or amortized cost. For any financial instruments subsequently measured at fair value, changes in fair value are recognized in excess or deficiency of revenues over expenses for the year.

Impairment

Financial assets measured at cost or amortized cost are tested for impairment when there are indicators of impairment. The amount of any write down is recognized in excess or deficiency of revenues over expenses. Any previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in the excess or deficiency of revenues over expenses.

Transaction costs

Transaction costs for financial instruments subsequently measured at cost or amortized cost are added to the cost of the related financial instrument. Transaction costs for any financial instruments subsequently measured at fair value are expensed when incurred.

Alhijra Islamic School

NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2013

3. Lease commitment
The organization has leased premises from the City of Winnipeg that commenced on January 1, 2004 and expires on December 31, 2013 with an option to renew for a period of 10 years. The annual rent is $1.

4. Related party transactions
During the year, the organization received net direct and indirect contributions from directors or entities related to directors of the organization in the amount of $6,220 (2012 - $nil). These amounts relate to contributed computer equipment measured at estimated fair value at the date of contribution and are included in donations revenue and minor equipment expenses for the year.

5. Financial risks and concentrations of risk
