REASON FOR THE REPORT

Approval is required to enter into an Agreement with the Government of Manitoba.

IMPLICATIONS OF THE RECOMMENDATIONS

Winnipeg Police Service agrees that together with the Government of Manitoba Criminal Organization and High Risk Offenders Unit (COHROU), it will actively supervise gang members.

The Winnipeg Police Service agrees to dedicate and supervise two positions, a Crime Analyst and Clerk B, under the direction of the Crime Analysis Unit Supervisor.

HISTORY

In 2009, a six-month project conducted by the Winnipeg Police Service Street Crimes Unit and General Patrol Units in conjunction with the Department of Justice COHROU, initiated the formalized Gang Response and Suppression Plan (GRASP).

The continuing strategy to monitor/target gang members in the community that have been released on bail or probation orders was addressed in an Agreement, established from April 1, 2010 to March 31, 2013, where the Winnipeg Police Service continued to provide support staff.

As part of this strategy, this Agreement from April 1, 2013 to March 31, 2016 is developed to create a long term environment that will reduce crimes committed by gang members while in the community on bail or probation orders. The strategy involves a regime of curfew monitoring and ongoing intensive supervision through bi-weekly contact between high risk offenders, as a joint effort between COHROU and Winnipeg Police Service. Although GRASP has been active continually since April 1, 2010, this Agreement is being entered into retroactively in part from April 1, 2013 to March 31, 2016, due to the parties inability to have this Agreement finalized before the expiration of the previous agreement.

For the duration of the negotiated Agreement, the Winnipeg Police Service will continue to provide support staff, under the direction of the Crime Analysis Unit Supervisor. The Crime Analyst will be responsible for the ongoing collection and analysis of GRASP related intelligence and information. The Clerk B will provide support in the data entry and file management of identified gang members.

Costs associated with the abovementioned civilian members will be paid by the Government of Manitoba through a subsidy to a maximum of $145,000 per year, while the City will be responsible for any costs over that amount. The financial commitment is subject to the legislature of the Province of Manitoba appropriating sufficient funds for the purpose intended and during the fiscal year in which the funds are required to be paid to the Winnipeg Police Service.

An annual review will be conducted to assess the effectiveness of GRASP.
