Dear: Mr. Pittet

SUBDIVISION AND REZONING
Land located: Promenade Brunet, west of Drake Ave.
Riel Community
File No. DASZ 6 /03

An application has been received from Doug Henne Planning Services for approval of a plan of subdivision and related zoning change to Zoning By-Law No. 6400/94 by rezoning the subject lands from an "RM4" Multiple Family District and a " PR-1" Parks & Recreation District to a " R1-4" Residential District to facilitate development of seventy eight (78) new residential lots.

RELATED FILES:

SITE DESCRIPTION:

Site Area:

Approximately 10-12 acres in total.

Existing Land Use and Zoning:

The lands being rezoned are in part zoned for RM4 Multiple Family development and in part zoned for a PR buffer area. The area still remains vacant at this time.

Surrounding Land Use and Zoning:

North: To the north is a CPR right-of –way and transfer yard zoned M3 Industrial.
South: To the south is a fully developed two family residential sudivision zoned RM-L Multiple Family.
East: To the east is a zoned R1-4 single family subdivision currently under development.
West: To the west is a railway and adjoining Archibald are zoned R2 Two Family dwellings.

DEVELOPMENT DESCRIPTION:

The applicant proposes to rezone a parcel at the center of the subdivision from its currently zoned RM-4 Multiple Family and PR designations to an R1-4 Single Family designation. The previously designed subdivision under DASZ 16/94 is then to be reconfigured in order to accommodate a total of 78 single family lots to the west of Drake Ave.

PLAN WINNIPEG:

A number of years ago, a Plan Winnipeg amendment changed the designation of the subject area from an Industrial Policy Area to a Neighbourhood Policy Area. The Neighbourhood designation allows for the development of residential single family homes.

ADMINISTRATIVE COMMENTS:

In 1994, Ladco made application for a plan of subdivision and related rezoning which included the subject lands and additional lands to the east of Drake. The subdivision at that time encompassed 26 acres and had a Multiple Family and Public Reserve component at the southwest corner of Promenade Brunet and Drake Boulevard. New ownership has acquired the land west of Drake and wishes to delete the current Multiple family area and the PR buffer strip which was initially intended to separate the multiple family parcel from the existing residences to the south. In its place , they intend to reconfigure the subdivision and create more single family housing(a total of 78 dwelling units). Hence the requirement for both a new subdivision and rezoning application. The Planning and Land Use Division fully supports the proposed changes. The neighbouring community supported the original Plan Amendment and development proposal and will presumably regard the creation of additional single family housing units as an improvement over the original application.

RECOMMENDATION:

I. That the plan of subdivision proposed under File No. DASZ 6/03 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule " A" for File No. DASZ 6/03, attached hereto and dated June 5/03, for registration in the Winnipeg Land Titles Office, subject to the following:

A. That the Developer be required to enter into an addendum to Development Agreement DASZ 16/94 with the City containing all the conditions outlined in the report of the Administrative Coordinating Group dated June 5/03.

II. That Caveat No. 2783684 as it affects Lot 16, Block 3, Plan 41026 can be withdrawn.

III. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

IV. That Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule " A" for File No. DASZ 6/03, attached hereto and dated June 5/03, to an " R1-4" Residential District .

V. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor be requested to prepare the necessary by-law in accordance with the above.

VII. That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Development Agreement.

VIII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

IX. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

X. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within 24 months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

Final
