Dear: Mr. Pittet

ZONING AGREEMENT AMENDMENT
Location: 39 Quayside Cove
Riel Community

File No. ZAA 6/03

An application has been received from James and Alice Hastings, to amend the Zoning Agreement affecting the property shown below by amending DAZ8C/86 (4583/87) clause # 6 to allow for a 47 foot(14.52 metre) rear minimum setback from Bishop Grandin Blvd. instead of the 57.41 feet(17.5 metres) required for noise attenuation purposes.

RELATED FILES:

SITE DESCRIPTION:

Dimensions:

Approximately 33’ wide by 120’ in depth.

Site Area:

Approximately 4000 sq. feet in overall area.

Existing Land Use and Zoning:

The lot is currently zoned R1-3.5 Single Family Residential and is occupied by a single family dwelling.

DEVELOPMENT DESCRIPTION:

The owners are applying to construct a 10’ by 12’ seasonal sunroom addition on the north side of their dwelling unit which abuts Bishop Grandin Boulevard very close to the intersection with Lagimodiere Blvd. The projection will still leave a 47’ rear yard from the dwelling to the rear property line.

ADMINISTRATIVE COMMENTS:

An approval for the subject addition is required because at the time of the overall subdivision and rezoning approval in 1986 (DAZ 8C/86, DASSF 76/87) the Public Works, Transportation Division, deemed it necessary to establish minimum noise attenuation setbacks to new principal dwellings adjoining Bishop Grandin and Lagimodiere Blvd. in the Island Lakes Subdivision. It is the position of the Public Works Department that increased setbacks will reduce the traffic noise levels experienced by residents on the subject lands and will reduce the number of complaints related to traffic noise. The setback is, in our view, intended to apply to permanent additions or structures, which are being utilized for living space and in that context, the requirements are valid. However, the setback requirements, were not in our view, intended to apply to decks (enclosed or open), gazebos, or other additions intended for seasonal use only and which are not to be used as habitable space. The proposed addition certainly falls into the latter category, in our view, and therefore we are able to support the proposed amendment without violating the intent of the standards set by the Transportation Division.

RECOMMENDATION:

I. That Zoning Agreement DAZ 8C/86 (By-Law # 4583/87), be amended by amending clause #6 to allow for a 47.61 foot (14.52 metre) minimum rear yard setback from Bishop Grandin Blvd. instead of the required 57.41 feet (17.5 metres).

II. That the City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DAZ 8C/86(By-law # 4583/87) as approved in aforesaid Clause I.

III. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

IV. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Final
