RECOMMENDATIONS

1. That the sale of the "Subject City Property" between 488-506 Ferry Road, shown outlined on Misc. Plan No. 9162/4, attached, in favour of A and S Construction Ltd. for the purchase price of $390,000.00 be approved in accordance with the terms and conditions of the Offer to Purchase dated December 15, 2014 and upon such additional terms and conditions that the Director of the Planning, Property and Development Department and the Director of Legal Services/City Solicitor consider necessary to protect the interests of the City.

2. That Council approves the disposition of the City-owned property located between 488-506 Ferry Road in accordance with Section 205(2) of The City of Winnipeg Charter.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- The Planning, Property and Development Department is in receipt of an Offer to Purchase for the "Subject City Property" shown outlined on Misc. Plan No. 9162/4, attached.

- All sales of property designated or acquired for park or cemetery purposes require approval of at least two-thirds of the members of Council pursuant to Section 205(2) of The City of Winnipeg Charter.

IMPLICATIONS OF THE RECOMMENDATIONS

- The recommended sale of the subject City-owned property is in accordance with the City's *"Offers to Purchase City-owned Property Policy"*. The subject property was marketed for sale to the general public.

- The City's standard terms and conditions of sale will include provisions to protect the City's interests in the event that environmental contamination is discovered.

- There are no regulatory or human resources implications associated with this report.

HISTORY

The City acquired the subject property from the former Rural Municipality of St. James. The subject property fell under the jurisdiction of Parks and is located adjacent to the St. James Memorial Sports Park. The lands were formerly used to provide secondary frontage to the park.

On September 27, 2012, Council declared the subject property surplus to the City's needs.

The City property was marketed to the general public in October, 2012. A sale was approved by the CAO in November, 2012, by way of Delegated Authority for Real Property Transactions where the sale price is $500,000 or less, however, the transaction did not proceed to closing.

In April, 2013, the Department was advised by Legal Services that the Disposition of Lands used for Park and Cemetery Purposes, that had been declared surplus by Council, still needed to be approval by Council in accordance with Section 205(2) of the City of Winnipeg Charter.

In September, 2014, the property was remarketed to the general public for residential in-fill development, with no offers being received by the bid submission deadline of October 17, 2014. In accordance with standard procedure, the Department continued to market the property for sale.

On November 7, 2014, the Department received an offer of $390,000 from A and S Construction Ltd. The offer contains the City's standard terms and conditions; however, it also provides for conditions for the benefit of the Purchaser that the Purchaser being satisfied within 120 days of the approval that: (1) approval is obtained for any required variances, subdivision or rezoning for approximately 6 - 25' lots with 3' side yards and (2) obtaining confirmation of contractor availability and costs for provision of services to the subject property.

The Department supports the sale of the Subject City Property to A and S Construction Ltd. for the following reasons:

- The proposed development would provide for infill housing
- It is the sole offer received after marketing the property and is within 7% of the appraised value
- The property would be placed on the tax roll at the closing of the sale
- The sale will eliminate the liability for the City associated with holding this property
- The Ward Councillor has been consulted with the intentions of the Department

The proceeds of the sale will be allocated to the Land Dedication Reserve fund.

The latter amount is based on the assumptions that the sale price equals assessed value, portioning and mill rates of 45% and 0.013372 respectively, and that the property is added to the tax roll effective July 1, 2015. Revenues from 2016 onward are municipal realty taxes for the full year based on the same assumptions.
